

Dempsey and Everett Named By Republicans

City Convention Designates Mayor Edgar J. Dempsey and Alderman-at-Large C. Ray Everett for Nomination to Succeed Themselves—Both Accept and Pledge Best of Their Ability to Promote Interests of City if Elected in November.

Mayor Edgar J. Dempsey and Alderman-at-Large C. Ray Everett were unanimously recommended by the Republican city convention to the enrolled voters of the city as candidates to succeed themselves at the fall election.

The convention was called to order at 8 o'clock at the court house Monday evening by City Chairman J. Charles Snyder and the first business taken up was the election of a city chairman to succeed Mr. Snyder. William H. Koits placed the name of Robert G. Groves, county attorney, in nomination and he was unanimously elected. The name of John W. Eckert was offered by J. Charles Snyder as secretary and he, too, was unanimously selected by the convention.

Following the selection of a chairman and secretary Mr. Eckert called the roll of delegates and there were but four absentees. A quorum being present Chairman Groves stated that the designation of a candidate to be recommended to the enrolled voters of the city for mayor was in order.

Know What Dempsey Has Done.

Michael J. Powers of the Fourth Ward placed in nomination Mayor Edgar J. Dempsey. The nomination was seconded by William H. Koits and Charles J. Mullien. In placing the name of Mayor Dempsey before the convention, Mr. Powers said that he was presenting the name of a man who was perhaps known to all of the delegates of the convention and perhaps to all those present in the convention. Although some may not know the man personally they knew through the work which he had been called upon to do and which he has ably done since assuming the office of mayor of the city on the death of Mayor Morris Block. Acquainting himself with the duties of the office at that time, the work had been carried on and much had been accomplished by devoting himself to the duties of the office which he had been so suddenly called upon to assume. Mr. Powers in placing the name of Mayor Dempsey before the convention said he had been in close contact with Mayor Dempsey for twenty years and had been able to observe some of the qualities of the man, which were outstanding and among them were efficiency, integrity of purpose, unflinching courage and a desire to be of service at all times. He then presented the name of Mayor Edgar J. Dempsey and when the applause subsided Mr. Koits and Mr. Mullien seconded the nomination.

Unanimously Nominated.

There being no other names presented the nominations were declared closed and the secretary, on motion of Senator Arthur H. Wicks, cast the unanimous ballot of the convention for Mayor Dempsey as a candidate to succeed himself for mayor of the city.

Mr. Powers and Louis Kaplan were appointed by the chair a committee to escort Mayor Dempsey before the convention.

Mayor Dempsey Accepts.

Escorted to the floor, Mayor Dempsey thanked the delegates for the honor and stated that he hoped to be elected at the general election in November.

"The duties of the office of mayor," said Mayor Dempsey, "came to me in November, 1926, following the untimely death of Mayor Block, who had been three times elected.

"It appeared to me to be reasonable to continue the policies he had inaugurated for the balance of the elective term, and this I have endeavored to do.

"During the past year the common council has, effective January 1st, 1926, made the office a salaried one, providing a substantial salary, and requiring the Mayor to devote his time to the duties involved.

"The responsibility is comparable to that of any business organization of similar size, and involving the expenditure of funds required to finance the city.

"It has become my duty and privilege to become acquainted with the work of the several departments of our city government, and I am convinced that the office requires substantially all of the mayor's time.

"I assume that the people of our city will very properly expect the mayor-elect to devote his time to the city's affairs, and if I am elected I shall sever all connections with other employment and devote my entire time and energy to the duties of the office."

Everett for Alderman-at-Large.

Chairman Groves stated the next order of business was the election of a candidate for alderman-at-large. Senator Arthur H. Wicks placed

Six Mentioned As Successor to Judge Elbert Gary

Financial Community Seems to Feel That Former Governor Miller Is the Man Who Is Most Likely to Succeed Steel Magnate—President Coolidge Mentioned—Will Take Body to Chicago.

New York, Aug. 15 (AP).—Wall Street conjecture today centered around more than half a dozen men in discussing the choice of a successor to Elbert H. Gary, chairman of the board of the United States Steel Corporation, who died yesterday in his fifth avenue home.

The New York Times says persons in close touch with the organization indicated the new chairman already has been selected by the dominant interests in the corporation, but his identity will not be revealed until the board of directors formally announces the election.

Mention President Coolidge.

The best guess of the financial community, The Times says, is that former Governor Nathan L. Miller, general counsel of the Steel Corporation, would be named. The Times adds that President Coolidge was discussed seriously in some quarters as a possibility, but the general impression was that he could not be persuaded to take the post should the controlling interests in the corporation decide to offer it to him.

Others Mentioned.

Others who figured prominently in Wall Street discussions included James A. Farrell, president of the corporation; Myron C. Taylor, a director and member of the finance committee of the company; Pierre Dupont, chairman of the board of General Motors Corporation, and a large stockholder of the U. S. Steel; and Dwight Morrow, partner in the banking firm of J. P. Morgan and Company.

Miller Advised Gary.

In certain quarters in Wall Street it has been assumed for some months that former Gov. Miller or Taylor was being groomed for the place. The former governor was a trusted adviser and friend of Gary and many believe that the late chairman preferred him as his successor. Besides being general counsel, Miller is a member of the powerful finance committee of the corporation.

Estimate Gary's Fortune.

Gary's fortune, furnished another topic for speculation. Estimates of the wealth he amassed varied widely. One Wall Street authority placed it as high as \$35,000,000 while others fixed the total at figures ranging from \$6,000,000 to \$20,000,000. Accurate figures on his wealth have long been unavailable.

Received \$100,000 Salary.

Gary's salary also had been a matter of speculation in Wall Street. His salary was often put at \$100,000 a year, but it was said that he had a commission on earnings which brought his annual yield from the corporation to \$500,000.

Take Body to Chicago.

Mr. Gary's body will be taken to Chicago today and on Thursday will lie in the Gary Memorial Church at Wheaton, Illinois. A police guard was on duty at the Fifth avenue home and no one, unless recognized or identified as an intimate friend of the family, was permitted to enter.

Many Pay Tribute.

Tributes to the former Illinois farm boy who rose to head of the country's first billion dollar corporation, were paid by President Coolidge and many of the country's business leaders.

SEARCH FOR BODY OF COLUMBIA PROFESSOR

Westbrook, Conn., Aug. 15 (AP).—A single coast guard patrol boat, carrying a son of the missing man as a passenger, today headed the search for the body of Dr. Thomas W. Salmon, 51, Columbia University psychiatrist, who disappeared from his yacht in Long Island Sound Saturday night.

Four other coast guard vessels returned to their posts after dragging operations failed of results.

Dr. Salmon, a son of the missing man, was in touch with the search constantly, and it was on his advice that the hunt was abandoned by the cutters. Richard Salmon, another son, remained to accompany the last patrol boat of the searching fleet.

Dr. Salmon disappeared from his yacht, Malabar II, while Dr. Dana W. Atchley of the Presbyterian Hospital in New York, and Captain Rodney McNeill, skipper of the craft, were ashore purchasing gasoline to replenish tanks which had run dry.

When the men returned they found a depth-sounding line tangled in the main sheet and deduced that Dr. Salmon had fallen overboard while taking soundings.

EDGAR A. GUEST CATCHES A LARGE TUNA FISH

Troy, N. Y., Aug. 15 (AP).—Edgar A. Guest is a fisherman as well as a poet. He caught a tuna fish weighing 780 pounds recently, and the members of the Ballston Spa Rotary Club yesterday were given part of the fish by Lester V. Strever, who was with Mr. Guest when the catch was made. Mr. Strever said the fish caught by Mr. Guest was nine feet four inches in length.

Sacco-Vanzetti Juror's Home Is Wrecked by Bomb

Home of Juror, Who Served in Trial Seven Years Ago, at East Milton, Massachusetts, Target for Attack—Juror's Wife Thought to Have Suffered From Concussion.

East Milton, Mass., Aug. 15 (AP).—An explosion believed by the police to have been caused by the bomb wrecked the home of Lewis McHardy, a juror in the Sacco-Vanzetti trial seven years ago.

McHardy, his wife, and three grown children, who were blown from their beds by the force of the blast, narrowly escaped death. All five suffered cuts and bruises and Mrs. McHardy was thought to have suffered from concussion.

She was trapped in her room on the second floor of the two and one-half story wooden house. Police rescued her. Her husband was able to work his way from the ruins and his two sons, Jack and Theodore, carried their sister, Helen, from her room.

Windows were blown from houses a mile away by the explosion and nearby trees were stripped of their leaves. With the exception of the rear wall of the McHardy home, the sides of the house were blown out. The granite foundation was cracked, the front piazza torn off and a bulkhead was blown out of the back of the house.

A line of police was thrown about the wrecked house and an investigation started by state police. Guards were dispatched to the homes of three other jurors who live in the vicinity.

A search of the ruins revealed what appeared to have been the base of a Japanese lantern which police believe may have been used in the timing device. It held a socket for a candle which the police said might have been connected with a fuse to the bomb.

The explosion was placed under the northeast corner of the house near the front door. The detonation of the charge blew a hole 20 feet deep in the earth.

The McHardy home is in a sparsely settled section of the town with woods bordering two sides of it. McHardy said that a long time ago he had received a threatening letter as had others of the jury in the famous trial. He said he had not feared an attack and had had no misgivings as to his safety.

German Fliers Plan New Flights

Pilots of Europa and Bremen Under Tired by First Failures—Will Consult With Backers today—Bremen Pilot Tells How Winds Toyed With Plane

Dessau, Germany, Aug. 15 (AP).—Undeterred by the failure of the Europa and Bremen to get across the ocean after starting from Dessau Sunday evening, the four pilots were looking forward today to another opportunity to make the flight.

Plans for a new start were to be discussed at a meeting of officials of the Junkers' work, builders of the planes, representatives of the North-German Lloyd, and Darmstadt National Bank, financial backers, and the four airmen—Cornelius Edvard and Johann Ristler, of the Europa, and Herman Koehl and Friedrich Loose, of the Bremen.

Fog and wind forced the fliers to turn back after the Bremen had gone a little beyond the West coast of Ireland. Edvard and Ristler, who were forced to land their plane, the Europa, at Bremen, after encountering storm and fog, reached Dessau about the time the Bremen landed, and immediately the four men began to compare notes and exchange experiences.

Koehl told a correspondent of the Associated Press of the storm and fog hidden night, how the winds tore with the Bremen lifting it and pushing it down so that at times the plane barely missed the tops of trees.

"Twice the Bremen got out of control," he said, "although the cause of the divergence of our route and the fact that our battle with the winds forced us to use up our fuel at an excessive rate, we resolved to return after having negotiated the West coast of Ireland."

STYLES EACH LEGIONNAIRE AN UNOFFICIAL AMBASSADOR

Des Moines, Iowa, Aug. 15 (AP).—The pilgrimage of the American Legion to Paris was likened to an Odras of 12,000 Legionnaires, each an unofficial ambassador to France by General J. G. Harbord, president of the Radio Corporation of America, at today's convention of the Iowa American Legion.

The Legionnaires are to unify the true spirit of America since "the breakdown of the old diplomatic system which resulted in the world war," Gen. Harbord said.

Nine Airplanes Ready to Start Race to Honolulu

Race For \$25,000 Prize Will Start at Noon, Pacific Time—Weather Man Reports Presence of Fog—Many Spectators Will Watch Start—Considerable Interest in Woman Aviator.

Oakland, Cal., Aug. 15 (AP).—Nine airplanes in the first transoceanic aerial derby were at the starting post here today, awaiting the signal that will send them away over the vast Pacific to the thin target of the island of Oahu, 2,400 miles out. The goal is Wheeler Field, at Schofield Barracks, Hawaii, a few miles outside of Honolulu. The stakes are the two prizes of \$25,000 and \$10,000, offered by James D. Dole of Honolulu.

Post time was noon, Pacific Coast time.

Nine trim airplanes, entries from five states and the territory of Hawaii, to carry 17 men and a woman, were drawn to the head of the take-off course during the early morning hours.

Weather Man Reports Fog.

In the background of San Francisco, a real menace loomed, so the weather man reported: fog, piled high and extending at least fifty miles to sea.

Racers of today, these planes were, replacing the nimble nervous quadrupeds of the "paddocks." Graceful creatures of the air, droning musically in the last minute motor tests, the center of interest for hundreds of persons who arrived at the airport long before the rising sun.

A Picturesque Setting.

A picturesque setting, red, blue, yellow, orange, silver and golden wings glistened in the morning sun, a runway 1,500 feet long, 600 feet wide at its head and 300 at the take-off point; faces banded along the runway fences; roads blocked by automobiles trying to get to parking places before the checked flag dropped for the first start; official cars dashing from point to point on the field; motorcycle police patrolling the boundaries and in the center of it all the planes, surrounded by their pilots and navigators.

At the "paddocks" tools were scattered on tarpaulins.

Many to Watch Start.

Along the 9,000 feet of fence spectators found points of vantage. They understood that the exciting moment of this novel race occurred at the start. Skill and luck were the two factors depended on to lift safely 4,600 to 5,200 pounds of flesh, wood, cloth, steel and high test gasoline from the ground at an average speed of 90 miles an hour. Once in the air the crash had only to "keep going."

"Crash Equipment" on Hand.

Constant reminder of the specter of misfortune was the presence of "crash equipment." Fire engines, wrecking crews armed with long steel cables and grappling hooks, ambulances, a hospital tent and two fast official "crash cars" carrying airport officials, from their stations to the scene of a mishap.

"Merely preparedness, not a fear," the field officials declared. "We expect the racers to take off in one, two, three order, without a hitch. The runway offers every chance for success."

Interested in Woman.

Spectators have been keenly interested in the first woman to start across the ocean, toward the island goal. Miss Mildred Doran, the "flying school teacher," of Flint, Mich., garbed in her man's uniform of olive-drab, decorated with Sam Brown belt and numerous insignia, has attracted attention when she appeared on the field to pose with her pilot, John Koehl and Friedrich Loose, of the Bremen.

Fog and wind forced the fliers to turn back after the Bremen had gone a little beyond the West coast of Ireland. Edvard and Ristler, who were forced to land their plane, the Europa, at Bremen, after encountering storm and fog, reached Dessau about the time the Bremen landed, and immediately the four men began to compare notes and exchange experiences.

Koehl told a correspondent of the Associated Press of the storm and fog hidden night, how the winds tore with the Bremen lifting it and pushing it down so that at times the plane barely missed the tops of trees.

"Twice the Bremen got out of control," he said, "although the cause of the divergence of our route and the fact that our battle with the winds forced us to use up our fuel at an excessive rate, we resolved to return after having negotiated the West coast of Ireland."

Will Welcome Visitors.

Honolulu, Aug. 15 (AP).—Hawaii is ready to extend one of her famous welcomes to the aerial visitors entered in the Dole race. Plans for the reception are complete, even to the promised co-operation of the United States weather man.

Gov. Wallace B. Farrington and other officials and prominent residents will be at Wheeler Field at 5 o'clock tomorrow morning to await the fliers. That is 7:30 a. m. San Francisco time and 11:30 a. m. Eastern daylight saving time. If the fliers have good luck and make the trip from Oakland in 22 hours, held to be par for the distance, they will reach the island of Oahu at 7:30 a. m. Honolulu time.

Military authorities erected grandstands to seat 3,000 at the landing field. Parking space for 6,000 automobiles is provided.

Good weather conditions are predicted.

Our Gaining Population.

The following births have been reported to the board of health:

Mr. and Mrs. Wm. W. Emrick, 95 Clinton avenue, a daughter, Norville.

Mr. and Mrs. Harold Van Allen, 1150 New York city, a son, Harold Frederick, at 95 First avenue.

Mr. and Mrs. John Van Ness, 14 Stanley street, a son, John Ernest, at Kingston City Hospital.

Mr. and Mrs. Frederick S. Hughes, 45 St. James street, a daughter, Alberta Estelle, at Kingston City Hospital.

Mr. and Mrs. Benjamin M. Charbon, 124 South Main street, a son, Louis Joseph.

Vanderlyn Panorama Feature of Celebration

Great Picture Once Shown in Paris, Athens, Mexico and New York Found to be in Perfect Condition After 75 Years in Storage—Notable Men to be Entertained Here September 10.

The ancient Dutch saying that the people of Kingston bore with a big auger will be verified on the 10th day of September, when the city celebrates the Sesqui-Centennial of the founding of the first government of the state of New York. Addresses will be delivered by Governor Alfred E. Smith, former Senator James W. Wadsworth, the Honorable John Knight, president of the senate, the Honorable Joseph A. McGinnis, speaker of the assembly and other. Invitations will be extended to approximately two thousand of the most distinguished men and women of the country. Among those who will be invited are the President and Vice-President of the United States, the members of the cabinet, the chief justices of the supreme court of the United States, the chief judges and judges of the court of appeals of this state, the judges of the supreme court of the third judicial district, the members of congress and the United States senators from New York, all the members of the legislature, the regents of the university, the heads of all the state departments, all former living governors, and the heads of all the state universities and colleges.

A Medal Designed by Charles Keck, the greatest living American medalist, will be struck to commemorate and immortalize the occasion.

Mr. Keck's design is said to be the finest and most imposing of any of the Sesqui-Centennial medals struck for any of the states.

A luncheon will be given at the Stayview Hotel to two hundred of the distinguished visitors.

The cornerstone of the new Senate House Museum will be laid by Governor Smith.

In the Senate House Museum will be housed the superb panorama painted by John Vanderlyn, Kingston's most celebrated artist, who was born here on the 15th day of October, 1775, and died here on the 24th of September, 1852, who painted the portraits of many distinguished men, including Washington, Monroe, John C. Calhoun, Governor George Clinton, Andrew Jackson, and Zachary Taylor. One of his most famous works was the panorama of the palace fountains and gardens of Versailles, which he exhibited in Paris for which, and for his Marins among the Ruins of Carthage, he was decorated and received the gold medal from Napoleon.

This panorama was exhibited not only in Paris, but at Athens, and the City of Mexico. He brought it to New York where he erected a rotunda in the city hall park for its exhibition; on the expiration of his lease, the common council of that city refused to renew it whereupon he brought the panorama to Kingston, and there being no place large enough in which to store it, he deposited it in the loft of the storehouse of the steamer Alida, at Wilbur. When that building was burned in 1856, the panorama was rescued, and was stored for some time in the carriage house of the Honorable Marius Schoonmaker on the property now occupied by the Saylor Sanitarium. On the organization of the Senate House Association in October, 1899, it was placed in the attic of that building where it remained until Friday of last week when it was removed to the loft of the Cornell Steamboat Company at Sleighsburgh by Judge Clearwater and Edward Cuylenhall, president and vice president of the Senate House Association. It was unpacked and found to be in as perfect condition as when it was brought to Wilbur by Vanderlyn. It will be placed and exhibited in the new Senate House Museum, where unquestionably it will attract as much admiration as it did when exhibited in Paris and New York.

GLASCO MAN BURIED IN LAND SLIDE, RIGHT LEG BROKEN

Elijah Warren of Glasco, employed by Sandburn Brothers Company in the sand bank at Glasco, was caught in a slide last Thursday and buried up to his head. He was dug out by a fellow employee and taken to the Beers Sanitarium, Saugerties, where it was found his right leg had been broken. Later he was removed to his home.

CITY BOARDERS ILL EATING WILD MUSHROOMS

Thirteen city boarders at the Michael Diva boarding house, known as the Glenzie Mt. House, on the hill at Mt. Marion, suddenly became ill last Friday after eating "mushrooms" they had gathered and cooked themselves. Dr. Luther Emerick was called and administered medical treatment. All recovered from the effects of their illness.

Missing Girls Are in Canada

The police department were informed Monday that Frances Melchior, of 124 Hasbrouck avenue and Marie Melchior, of 14 Newkirk avenue, were in Montreal, Canada, according to postcards received by friends here. The girls attended the band concert at the city hall grounds last Thursday evening and that was the last seen of them. One of the girls when she disappeared had \$100 with her. Both girls are fourteen years of age.

In Police Court.

Sonie Branden, 36 years old, a negro, was arrested by John Murphy on Mill street on Monday on a charge of reckless driving. Murphy claimed that Sonie was driving on the left hand side of the street and crashed into his car parked at the curb, damaging it. The hearing was adjourned to next Monday.

Mr. Coolidge May Prolong Vacation

Rapid City, S. D., Aug. 15 (AP).—Events at the summer White House are so shaping themselves that the President and Mrs. Coolidge may prolong their visit in the Black Hills until late in September.

Mr. Coolidge's calendar appears to be filling rather than diminishing as the days go on, with engagements dated now as late as the second week of next month.

The Rapid City high school, where the chief executive has his temporary office, has arranged to delay opening until September 15 "or even later," although school originally was to have opened September 6.

Tomorrow the President will view the Indians on the government reservation at the Pine Ridge Agency where another native Indian program has been prepared for him. The Indians will employ the hour that Mr. Coolidge is there by showing him how their forefathers did their war dances.

Flora Snyder Hit by Auto

Flora Snyder, 47 years old, of No. 15 Wilbur avenue, is confined to the Kingston City Hospital with injuries sustained Monday afternoon when she was knocked down by an automobile driven by Helene Carroll of Jersey City at Broadway and O'Neill street. Miss Carroll picked the injured woman up and rushed her to the hospital where it was found she had been badly shaken up and was bruised about the body, face and limbs.

In Reporting the accident to the police Miss Carroll stated she was driving north on Broadway and that Miss Snyder was standing in the middle of O'Neill street at Broadway waiting for a trolley car. She said the woman was dodging back and forth and stepped directly in front of the car.

Headricks Arrested for Contempt.

Abner Headricks, formerly of this city, was picked up by Sheriff Rice and Deputy Constable at Newburgh Monday afternoon on a contempt charge. Headricks is charged with having violated an order of the court in failing to pay alimony ordered in a divorce action.

Everett for Alderman-at-Large.

Chairman Groves stated the next order of business was the election of a candidate for alderman-at-large. Senator Arthur H. Wicks placed

THATCHER BOILERS-FURNACES-RANGES

Just the Right Temperature

THE EVEN, uniform temperature so necessary for baby's bath, is always assured when a Thatcher Round Boiler has been installed.

Among its many advantages are:

Easily operated triangular revolving grates which readily free the fire of cinders and dead ashes;

The large feed door which permits easy firing and spreading of fuel to all parts of the fire;

Low installation cost, due to the construction of the boiler facilitating erection. Its double-wheel section requires but half the labor of the usual two-wheel type.

There is the correct Thatcher Round Boiler to meet your individual requirements. Your dealer will tell you the size you need.

Mail coupon for literature, describing in detail the many unusual features of the Thatcher Round Boiler and other Thatcher products.

Surgeon Well Placed**Among Nation's Great**

Selection of Dr. Ephraim McDowell as one of Kentucky's two representatives in the Hall of Fame—the other is Henry Clay—is a reminder of the great service this surgeon rendered to humanity. He blazed the way of his profession in abdominal surgery when, in 1860, he performed a difficult operation that never had been tried before, saved the patient's life and enabled his profession to save countless other lives afterward. Doctor McDowell was literally a "doctor of the old school," the type that thought nothing of the monetary return from his practice. He was an adviser of the people, often in financial matters as well as

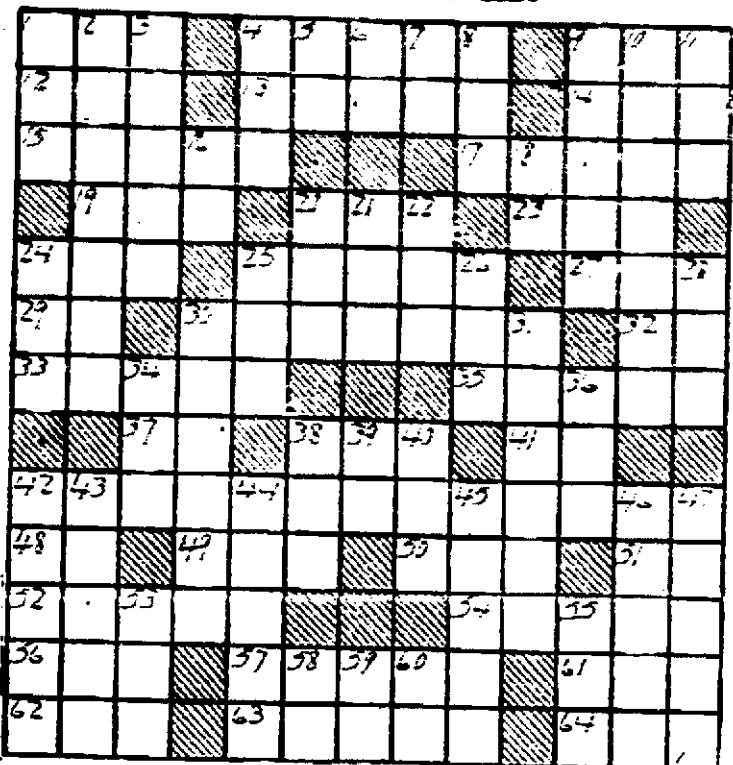

being the custodian of their health and that of their children. He was born in Rockbridge county, Virginia, and had ample opportunity to study the science in which he early decided to spend his life. After obtaining what medical education was available in America, he attended the University of Edinburgh and on his return from Europe located in Danville, Ky., in 1795 to practice. It was there that he performed the operation that made him famous.—Kansas City Star.

For the Overpractical

A wild fower is one of life's extras; one of those things we do not have to have but which we enjoy all the more for that reason.—American Magazine.

The Daily Cross Word Puzzle

By RICHARD H. TINGLE

We do not find Vertical 47 in any of the dictionaries, nevertheless it is a very common and homely expression of wonder, astonishment or surprise.

Horizontal

- 1—Thigh of a hog
- 4—Ghost
- 9—Any person indefinitely
- 12—Constellation
- 15—Title used in addressing judges
- 14—Brook
- 15—Wander
- 17—A laborious student
- 19—Favorable side of things
- 20—Prefix: "upon"
- 23—Age
- 24—Frost
- 27—Dwelling
- 27—Reck
- 29—Termination denoting alcohol
- 30—Firearms
- 32—Rumania (abbr.)
- 33—Approaches
- 35—Belonging to a gentlewoman
- 37—That is (abbr.)
- 38—Arm-pit
- 41—The (Fr. masc.)
- 42—Having to do with nations
- 43—Japanese mile
- 49—Inmate of a convent
- 50—Tree
- 51—Procted
- 52—Accumulate
- 54—One of the six mechanical powers
- 56—X
- 57—Puff up
- 61—The "Hooster" state (abbr.)
- 62—Superlative suffix
- 63—Deep sleep
- 64—Pen

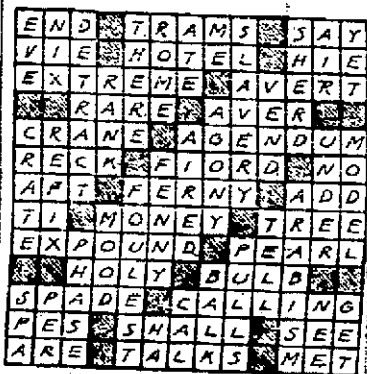

Vertical

- 1—Owens
- 2—A particular thing
- 3—World War famous river in France
- 4—Timorous
- 6—Exclamation to call attention
- 6—One
- 7—Actualize
- 8—Unit of energy
- 9—Constellation
- 10—Convent
- 11—Falls
- 16—Like
- 18—Concerning

- 20—Goddess of dawn
- 21—Place

OLD TIME FOOLER STATE CHAMPIONSHIP

23 Already Entered in "Battle of Bows" Contest Slated for State Fair.

The champion old time fowler of New York State will be decided at the State Fair in Syracuse during the week of August 23 to September 3. A total of 23 have already entered the contest and a spirited "battle of the bows" is looked for when old masters of the violin from all parts of the State compete.

The elimination contests will be held in the old log cabin in the State Institutions building. Entries are being received at the State Department of Agriculture and Markets, Albany, N. Y. E. R. Eastman, President of the New York State Agricultural Society, is cooperating with the department in making the arrangements. John McDermott of Cortland, well known throughout the State as an old time fowler with his playing of "Money Mush," "Turkey in the Straw," and other old time square dance tunes, will be one of the judges.

The first prize will be \$25 in gold; second, \$15; third, \$10; and ten prizes

of \$5 each so there will be opportunity for thirteen to win a prize. A large entry list is desired and Mr. Eastman is urging all old time fowlers to send their entries in at once.

PINE HILL.

Pine Hill, Aug. 15.—Mr. Daley, who has been spending the past two weeks in town at the Pine Hill Arms, returned to his home in New York Saturday.

Jack Kelder went to Kingston on Saturday and traded his Cadillac touring car for a Lincoln sedan, which he will use in his taxi business.

A masquerade ball was held at the Bonnie View House last Saturday evening and was largely attended by the guests at the different hotels in this village.

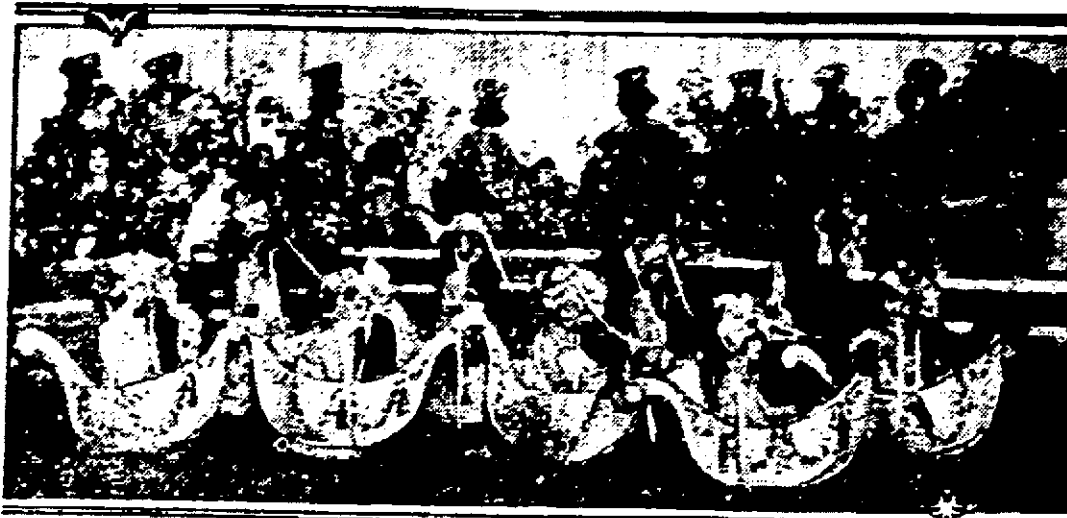

Thomas Storey is at work completing the concrete addition to Charles H. Griffin's garage, which will be used as a work shop. This will give more room for storage in the main building.

Mrs. Celia Thompson and Mrs. Mary Cure are quite seriously ill at their homes in this village.

John France of Kingston have been spending the past week at Pine Hill. Patrolman Gutnick has had a force of men repairing the Pine Hill road during the past two weeks and it is now in good condition.

The trustees of the village have re-

Frivolities of 1927

Scene from one of the most gorgeous revues ever presented on an outdoor stage which will be seen at the State Fair in the afternoon and at the Night Show, August 29 to September 2. The company, chorus and ballet consists of 33 beautiful girls.

ceived several red flash lights from the state which have been placed along the main street.

E. B. Dowerham, who has been spending the past few months in New York, returned to Pine Hill Saturday.

George Kelder, proprietor of the general cash store at this place was at Kingston Saturday.

F. R. Hillecock, who has been quite ill at his home in this village,

has so far recovered as to be able to be about the house.

Conrad Smith is having his dwelling on Maple avenue painted, which adds very much to the appearance of the property.

hurry hurry hurry it's Dollar Day

The more you compare sales, the more you compare stocks. The more you compare reductions, the nearer you will lean toward Travers' Silk and Dress Goods Store on DOLLAR DAY

WEDNESDAY, AUGUST 17

Yale Professor Commits Suicide

Registry Professor, Internationally Known for His Work in Radio Activity, Kills Himself at Summer House—Had a Number of Nervous Breakdowns.

Hanover, N.H., Aug. 16.—Professor Bertram B. Boltwood of Yale, chemist internationally known for his work in radio activity, is dead by his own hand here, where for many years he had found rest and recuperation from recurrent nervous breakdowns.

He was one of the few chemists of the day who have been able to add another element to the known list, discovering ionium, of the radio-active group. A graduate of Yale, he

was for fifteen years professor at his alma mater. He had studied at Cambridge, Leipzig and Munich.

Friends at Yale recalled that his work was accomplished despite several nervous breakdowns, accompanied by periods of despondency. He was 57 years of age and unmarried. A maid found his body in his room at the cottage of Prof. W. C. Hammond of Mt. Holyoke. He had fired a shot from a high-powered rifle into his head.

Jewish Council

Sanhedrin is a word derived from two Greek words meaning council chamber. The Sanhedrin was the supreme council of the Jewish people. It consisted of chief priests, or the heads of the 24 classes into which the priests were divided, elders who were men of age and experience, and scribes and lawyers, that is, men learned in the Jewish law. The number of members is usually given as 71.

American Legion To Organize Band

Local Post to Organize a Drum, Fife and Bugle Corps—Barton M. Castle to Have Charge of Organization—First Meeting Friday Evening at 7:30.

The local American Legion post is forming plans for the organization of a drum, fife and bugle corps, and from the number of applications already received, the plans give full promise of materialization. Local legionnaires are anxious to have a representative corps to add prestige to their post and to accompany them to Legion conventions and affairs in the future.

The organization of Legion bands is a movement that has attracted posts all over the country. At the Troy convention last week, Legion bands were among the interesting features.

Formation of the local drum, fife and bugle corps is in the hands of Legionnaire Barton M. Castle. At a meeting to be held Friday night, August 19, at 7:30 p. m. at the Legion Hall, it is expected all remaining details of organizing will be completed. According to present plans uniforms will be provided as soon as the corps is formed and trained.

Entry into the corps is open to all ex-service men of Kingston and the vicinity.

The Other Man's Job

It is useful to examine our own capabilities when we find ourselves envying the lot of others. Are we making good in our own sphere of work? That is the first test. If we are merely pottering along in an undistinguished way the chances are we should do the same in any other role. In our own work we are very conscious of its difficulties and barriers. Our advancement is slow because we daily encounter the little lets and hindrances that are hidden from the outsider. But these would be much the same in any other job. If we cannot surmount them in our own case, it is unlikely we should be more successful in a position with which we are wholly unacquainted.—Exchange.

Children's Day

It is not possible to determine when Children's day originated. From early times many pastors devoted a certain Sabbath for special services for children. In 1856, Rev. Charles H. Leonard, pastor of the First Universalist church of Chelsea, Mass., set apart a Sunday for the dedication of children to the Christian life. This was the second Sunday in June. In 1863 the Methodist convention recommended the second Sunday in June to be annually observed as Children's day. In 1881 the Ecumenical Methodist council of London recommended the same day and similar action was taken in 1885 by the Presbyterian General assembly.

NEW 8-LAYER MAPS AID FLYERS IN AIR

Show What Weather Aviators May Expect.

Washington.—Weather maps in eight layers, showing what conditions the aviator may expect when he flies both low and high, are now being made regularly as a part of the official government weather report.

Ground weather observations alone have been found to be inadequate for flying use, and the high-altitude observations have also been found useful in making the regular weather forecasts. In fact, the weather seems to brew at the higher levels, and the observations, obtained by small balloons and kites, often give information unobtainable at the level of the earth's surface.

43 Balloon Stations Send Data.

The data used in the upper-air weather maps come to the weather bureau from forty-three balloon stations throughout the country. The army has eighteen, while the navy has ten balloon stations and one airplane observer.

The weather bureau also receives air-aloft reports of temperature and humidity from five stations where kites are sent up with meteorological instruments. As kites are dependent upon wind, the weather bureau is about to try out a small captive balloon, just large enough to carry the necessary instruments, at Due West, S. C. for use when the air is "light." Helicopters will replace balloons and kites in the future, in the opinion of Mr. Mitchell.

Show Bumpy Air.

Bumpy air, which makes rough riding for flyers, is clearly shown by these kite reports. One recent report from Groesbeck, Texas, showed three strata of air in an altitude of 1,800 meters. (A meter is a little more than three feet.) The complete aerological observation map gives wind direction, velocity, kind and direction of clouds, and visibility as at surface, 250 meters above, 500 meters, 1,000 meters, 1,500 meters, 2,000 meters, 3,000 meters and 4,000 meters above. The balloons sometimes achieve much higher altitudes. The origin of the wind, whether polar or tropical, is also known to the weather bureau and aids in weather forecasting.

As soon as congress makes the necessary appropriation the United States weather bureau intends to take over the broadcasting of weather conditions now carried on from the bureau by the navy through the Arlington radio station to all parts of the world.

First Woman in Air

The first woman to make a balloon ascension was Mme. Thibie, who, on June 4, 1784, went up in the presence of King Gustavus III of Sweden at Lyons to a height of 9,000 feet and returned safely to the ground within an hour.

Nature Has Equipped

Sea Bird for Piracy

The man-o-war is a sea bird with a body about the size of that of an ordinary barnyard hen, monstrous long wings, spreading as much as ten feet, a long bill with hooked tip that makes a dangerous weapon, and tiny feet so weak that the bird can scarcely waddle.

With such equipment, the bird is an accomplished aeronaut, circling and diving in midair with lightning speed, or hanging on motionless wings in the teeth of a gale without losing ground. It gets its name from its habit of dashing forth, after the manner of the old-fashioned frigate ship, or full-sailed man-o-war in pursuit of a merchantman, and playing the villain's part with the peaceful hobby returning home from the sea with a maw full of fish for the powder-puff youngster on the islet's battlements.

The frightened booby squawks and dodges, but it cannot escape the threatening pirate bird; so in despair it disgorges in midair and makes its escape, while the man-o-war dives like a plummet, recaptures the morsel before it drops into the sea, and makes for its own youngster atop the islet or lies in wait for another encounter.—National Geographic Magazine.

Desert Animals That

Scorpions Can't Harm

One of the most fascinating chapters in animal poisons is the subject of natural immunity, the fact that some animals are immune to the poisons of others and remain unharmed if stung or bitten by the poisonous animal, whereas all other sorts of beasts succumb.

A case in point is that of desert animals which are unharmed by a scorpion's sting. The desert fox, the kangaroo rat and other inhabitants of deserts where scorpions abound are in this happy position. Their cousins, living far away from the desert, would at once be seriously injured by a scorpion's sting, whereas the desert breeds remain unharmed. It is to be supposed that in the far distant past, before the desert animals had this complete immunity to scorpion venom, those which were stung and could not resist died, leaving no offspring. Their luckier brothers, who happened to have a harder constitution, survived and left behind them a resistant race of descendants.—Prof. H. Munro Fox in the Forum.

Modern Egypt

The square of Egypt is about 350,000 square miles. If the desert regions are excluded, 12,228 square miles of cultivated and settled areas of the valley and delta are considered.

SUPREME COURT, SULLIVAN COUNTY

1840. LEVIN, Plaintiff, against HARRY BEDIK, et al., Defendants.

In pursuance of a Judgment of Foreclosure and Sale duly granted in the above entitled action and entered in the Sullivan County Clerk's office on July 15, 1927, John D. Lyons, the undersigned Referee in said Judgment named, will expose for sale to the highest bidder at the front door of the Court House in the village of Monticello, N. Y., on the 21st day of August, 1927, at 2:00 o'clock daylight saving time in the afternoon the premises described in said Judgment as follows, to-wit:

ALL THAT TRACT OR PARCEL OF LAND situated in the town of Wawarica, County of Ulster and State of New York, and being a part of a survey of nine hundred and twenty acres of land made by John S. Light and known on a map by him made No. 2, and bounded as follows: BEGINNING at the east corner of lot No. 12, thence south 2 degrees west 72 chains to the southeast corner of No. 2, a maple tree marked and a heap of stones thence along the line formerly of Jacob Sanger (S. 2 degrees east) easterly four chains (measured) to a heap of stones near a sugar maple tree marked thence north 2 degrees west 20 chains to a pond of water in what was called "Van Lottens line" thence along his said line to the place of beginning, containing 199 acres, more or less, reference is hereby made to an old deed made by James R. Clark and Elena his wife, to Joel Sanger in 1867.

ALSO ANOTHER LOT lying in the said town of Wawarica, beginning at a White maple tree marked W. 2, thence north 2 degrees west 21 chains to a heap of stones and several marked trees to a heap of stones and marked trees in the Great Patent Line thence along said line south 45 degrees east to the place of beginning, containing 21 acres of land more or less, reference is hereby made to a deed executed to Joel Sanger, deceased, July 1st 1901, by George Sanger and Rebecca Sanger, his wife, for a more particular description of said lot, the lots heretofore described constituted the farm of Joel Sanger in his life time

COME AND CONVINCE YOURSELF THAT THIS THEATRE IS ONE OF THE FINEST IN THE COUNTRY. EVERY MODERN CONVENIENCE TO MAKE YOUR VISIT A DELIGHT.

POPE POSES FOR DEAF SCULPTOR

Gustinus Ambrosi, the deaf sculptor of Vienna, is creating a likeness of Pope Pius XI. Picture, taken in the Vatican, shows the Pope posing for a bust.
(International Illustrated News)

Lucky Discoveries of
Vast Mineral Wealth

This is worth about \$1,475 a ton. At North Bend, in Tennessee, a nugget of the metal has been found which weighed 1.65 pounds, and was almost pure metallic tin.

Copper ore occurs in nature in a pure state. A solid block of this metal, weighing more than a ton and a half, has just been found in South Africa.

The most wonderful discovery of the kind was made in the Andes, at the back of Peru, where, at a height of 14,000 feet, there has been found a mountain of copper ore a mile long and half a mile wide.

Silver is sometimes found in great masses. Most of us have heard of Cobalt, the miracle silver city of northern Ontario. One day, in the spring of 1897, two workmen quarreled while at work on a rough railway track made for hauling lumber.

High words led to blows, and one man swung an axe at the other. It missed him but struck a bowlder, splitting it in two and showing up in its heart a mass of glittering whiteness. It was a lump of almost pure silver.

That spring Cobalt had four small shacks, but six months later there were more than 5,000 inhabitants.

Indian Workers Left
Tools in Salt Mines

Three great caves in a mountain of salt in Nevada have yielded relics of Indian miners who worked there as early as 1000 B. C. The great natural salt mass stands near the town of St. Thomas, Nevada. In a desert where rain falls so seldom that it has remained for ages without dissolving, which would have been its fate in a moister region. Underground waters, however, have hollowed the caverns in its interior, and in these were found stone hammers with wooden handles, sandals of yucca fiber, carrying nets, and even cornucopia, all perfectly preserved through the drying and antiseptic action of the salt. Most of the relics date since the beginning of the Christian era, but a carved club was found of a type used by the basket-makers, the forerunners of the present Pueblos, who inhabited the Southwest about 1000 B. C. The salt of the mountain is now being mined from the surface by a commercial firm. Why the Indians chose the difficult and dangerous work underground, when salt is easily obtained outside, is difficult to imagine. It is conjectured that several tribes had "claims" on the mountain, and that the later comers, finding the surface workings all pre-empted, had no choice but to enter the dark caverns to seek their salt supplies.

World Eagerly Seeks
Great Men's Letters

Immortality and letter-writing go hand in hand, and those who make it their business to keep green the graves of the departed great pursue an eternal quest.

What wouldn't disciples of the "Shakespeare myth" give to be able to unearth a packet of letters from William Shakespeare to some correspondent in which he settled, clearly and definitely, all the points that have led to controversy?

It is extremely improbable that any such convenient packet will ever be found. But students of Alfred de Musset are slightly more hopeful of one day discovering a set of lost letters written by the French poet to the French actress, Rachel. Having run-sacked France in vain, they have now turned to England, with the assurance that "any information as to the whereabouts of these letters will be gratefully received."

Owl's Noiseless Flight

The flight of the owl is accomplished without the least noise, to enable it to reach its prey, some say, but in a recent book on birds the author says it has often occurred to him, however, that the silence of the owl's flight is to enable the bird itself to hear, rather than to prevent others from hearing it.

Advertise Their Folly

Fools, to talking ever prone, are sure to make their follies known.—John Gay.

Life's Most Gripping Stories

WHAT is more thrilling, more soul-stirring than the swift-moving drama of life itself? The novel, short story or play merely entertain. The frank records of human experience grip the imagination, and stir the emotions because they are true.

That is why the narratives in True Story Magazine have won such vast readership. They are actual happenings involving real people. They reveal intimate details of the human temperament, errors, struggles, triumphs and failures that make fiction colorless and tame in comparison.

The 16 big features in September True Story, for example, are fairly packed with inspiration and thrills. You cannot afford to miss this remarkable issue. Your newsdealer can supply you. Get your copy today.

MANIAC SLAYS ALASKAN OWNER OF ROADHOUSE

Terrific Fight All Over Premises Precedes "Slim" Ridings' Death.

PERMANA, Alaska.—A prospector returning from the Chena river reported that "Slim" Ridings, owner of the Chena river roadhouse, had been brutally murdered. Officers investigating the crime found that Ridings had been killed by some man of great strength, being beaten and trampled to death.

The fight must have been a terrific one, as the struggle, which started in the reception room of the roadhouse, continued down the hallway to the kitchen and then back into the dining room. Death finally came from a tremendous blow to the head three hours after the fight.

One bartender calmly washed the blood from the man's head and clothes and then, without a trace of his identity, fled. The body was not the first to be found. The fact that Ridings had a large sum of money in his pockets.

Slayer May Have Been Insane. The only explanation for the crime is that some lunatic, crazed by solitude, and suddenly become a homicidal maniac. Officers suspect an old Norwegian, who was prospecting on the Chena river some miles above the roadhouse, and who was thought to have been queer for some time.

This is the second murder which has occurred in the interior of Alaska during the last 20 years. Criminal acts are rare, as limited are the chances to escape. How long this suspected killer was alone the wide-rung net for his capture is a question.

Properly prepared, with plenty of ammunition, a man might be able to survive in the thinly populated sec-

Had Been Brutally Murdered.

tions of Alaska for years without ever being found, living from what fish and game he could catch and berries he could pick.

Maniac Could Not Survive.

But a demented man would probably not be able to plan with sufficient coherence to survive the severe winters in the north or to protect himself from the terrific hordes of mosquitoes in the summer, which would kill him if not sufficiently guarded against.

However, the marshals found several caches of food which this man had left for his future use, showing that he had made provision for his escape.

Tramp Barbers Shun

Washington for Jobs

Washington.—Like other trades, the tonsorial ranks include practitioners who are rolling stones. But few of them are encountered in Washington.

One visit to the capital is usually sufficient for their roving colleagues, resident barbers assert. The rolling stone, often a capable worker, not only likes to be gone, they explain, but likes his rest, and the capital has no Sunday closing law. As a result, when he learns that jobs here require at least a half-day of work Sundays, he decides to stay only long enough to limber up his fingers and get enough money to be on his way.

MILTON.

Milton, Aug. 15.—Miss Mary Anderson of Brooklyn was a week end visitor at the home of her mother, Mrs. Edward Anderson.

Raymond Hepworth of Brooklyn was a visitor in town last Wednesday.

There were over two hundred, mostly children, who went on the Sunday school excursion to Indian Point from Milton and Marlborough last Thursday. They were taken to Indian Point by the Steamer Chuncy M. Depew of the Hudson River Day Line, and a very enjoyable day was spent by all.

The mid-summer fete which had been planned by the Maids and Matrons' Society to be held August 13 has been postponed for several weeks on account of St. James's Field Day. September 9 has been set as a tentative date for the mid-summer fete but may take place earlier if it can be so arranged. A motor party to Orange Lake, Wednesday evening, August 17, has been arranged by this society. Automobiles will leave the Community House at 8 p. m.

The Stinson Reet and Tea House, situated on the corner of Main and Landing street has been sold to parties from Atlantic City. Mr. and Mrs. Stinson will move to Saugerties this week.

Mrs. Alice Crowell is visiting at the home of Mr. and Mrs. Robert Bruno, New York.

The Rev. and Mrs. H. F. Wilke of Philadelphia have moved into their

summer home near the Elverhoj Art Colony.

Mr. and Mrs. James Smith left for their new home at Mineola, L. I., last week.

Miss Bessie Scott is spending part of her vacation at the Elverhoj Art Colony.

The Rev. and Mrs. John W. Bowman announce the birth of a daughter Margaret Louise, born August 6.

The Rev. Bowman was a former pastor of the Milton Presbyterian Church. He left Milton to enter

Missionary work in India. At present, he and Mrs. Bowman are on a fur-

lough in this country and are stop-

ping at Uniontown, Pa.

Mrs. Phoebe Ball and Mrs. R. W. Hallock have returned from a motor trip to Mountain Lake, N. J.

Mrs. Jennie Madden of New York has returned to her summer home on the South Road.

Mrs. Stephen Hirschfeld of Bremen, Germany, is expected to arrive here this week on a visit to her sister, Mrs. Edith Fowler.

The Misses Helen, Lucy, and Irene Baker, of Brooklyn, are spending

their vacation at the Elm Grove House.

The Rev. and Mrs. Howard North-

acker of Elmhurst, L. I., are spending their vacation at the home of Mr. and Mrs. W. H. Townsend.

Mrs. M. H. Bell attended the quarterly meeting of the Friends Church at Poughkeepsie, Saturday.

This was the last meeting to be held at this church on Montgomery street, now that a new church is being built.

A garden party for the benefit of All Saint's Church was held at the

home of Miss Jessie Roe on the South Road, Saturday evening. Cro-

quet and cards were several of the amusements arranged.

The picnic which was to have been held by the local W. C. T. U. in Edward Young's grove, last Friday, has been postponed until further notice.

The number of events that have taken place during the past week have made the postponement imperative.

The St. James Church field day has been set for Saturday afternoon and evening, August 27. All the big

features a baseball game, children's games, a band concert, dancing and refreshments have been arranged.

Stonehill Keaton of Chicago has been visiting his sister, Mrs. Edward Young.

The fair held by the Ladies' Needle Craft Society of the Presbyterian Church, Saturday evening, August 13, netted over \$200.

Because of the small quantity of Hudson River Fruit Exchange has not been buying any early apples this year and no purchases of pears

has yet been made.

Bridge Collapses Near Catskill

Approximately 99 feet of the north-east portion of the retaining wall of the Webber bridge on the Catskill-Paleville road, west of Catskill, collapsed and tumbled into the ravine and Kaaterskill Creek about 4:30 Friday afternoon. Shortly after the collapse a large portion of the concrete road which formed an abrupt precipice followed the retaining wall into the ravine.

Just what caused the collapse of the retaining wall is not known. Some blame erosion while others are of the opinion that the concrete road was too heavy for the bridge, used constantly by automobile traffic for which, it is said, the structure was not adapted.

The collapse of the bridge was expected for several days and traffic was detoured over the Kaaterskill road, thence over the Lederick road into the Paleville highway west of the bridge.

Negotiations for the construction of a temporary structure are being made. Supervisor Travis was promised by Arthur W. Brandt, state commissioner of highways, that a force of men would be sent to rapidly complete a structure in order to obviate the use of the wide detour.

The Webber Bridge was built in 1901 by Robert Vaughn of Newark, N. J., assisted by George Goethals, at a cost of \$35,000.

SHANDAKEN.

The Sunday school of the M. E.
Church will hold a picnic on Wed-
nesday. The school is requested to
meet at the church at 10 o'clock,
where cars will be ready to convey
them to the grounds at Big Indian.The proceeds of the musicale on
Friday evening held under the aus-
pices of the C. E. Society were \$16.Mrs. Mason Cassoo is visiting her
parents in Canada for a few weeks.The ladies of the M. E. Church
will serve a roast beef supper in the
church hall on Thursday evening,
August 18, commencing at 5 o'clock,
standard time.Miss Phyllis Osterhoudt is visit-
ing friends in New York city for a
week.Mrs. James H. Parker and son,
Kenneth, of New York city were
guests at the home of Mr. and Mrs.
P. S. Osterhoudt over the week end.

Considerate

The artist had agreed to paint the
portrait of a beautiful young girl in
her very becoming lavender evening
gown.

The girl's mother decided, as she
thought the matter over at home, that
she would prefer to have her daugh-
ter wear a yellow dress.

A few days later the portrait paint-
er received a message over the tele-
phone from the young girl: "Mother
thinks I'd better wear my yellow
dress and hopes you haven't bought
the paint yet!"—Vancouver Province.

Family Tickets At Farm Bureau

A record attendance of farmers is expected by State Fair officials on farm and Home Bureau Day at the fair, Tuesday, August 30. As a special inducement to family parties, the fair is offering this year a \$2 family ticket, which admits five persons for the price of four tickets. These tickets have been placed on sale at the Ulster County Farm Bureau Office in Kingston to give prospective visitors to the fair a chance to buy them in advance. All heads of families ought to welcome this opportunity to avoid the inevitable confusion at the gate, and the possibility of being separated by the crowd from the other members of their parties. Farm and Home Bureau Day is becoming very popular with farmers, for in addition to the usual exhibits and other attractions it affords several special features. This year Congressman J. C. Ketcham of Michigan, who is nationally known as one of the sponsors of the recently passed Canning-Ketcham seed dyeing bill and as an exceptionally interesting speaker, has been invited by the New York State Farm Bureau Federation to address the farm men and women who attend the fair. Mrs. Edward Young of Milton, president of the New York State Home Bureau Federation, an able and entertaining speaker, is also on the program. Other features which are being keenly anticipated are a Farm Bureau horseshoe pitching contest and a colorful parade of 4-H Club boys and girls, who are planning a thousand strong rally on Farm and Home Bureau Day.

Good Resolution

A good resolution will make any port—Horace.

REAL ESTATE TRANSFERS

Books Recently Recorded With the County Clerk.

The following deeds have been filed in the Ulster county clerk's office:

Russell Bliss and wife Foster a property along the highway leading from Ellenville to Spring Glen, town of Wawarsing. Consideration \$1.

Russell T. Cunningham and wife to Eliza Foster a parcel of land 72x50 at rear of Cookingham property in town of Wawarsing. Consideration \$1.

Picnic At Krippelbush.

The J. O. U. A. M. Band of this city will furnish music for the annual picnic to be held by the Krippelbush Council, No. 33, on Labor Day, September 5 on the lodge grounds. Refreshments will be served on the grounds and the supper will be served from 5 p. m. until all have been served. All welcome.

Old Use of Plywood

Plywood-making is an ancient Egyptian art dating back many centuries before the Christian era. Household furniture and coffins taken from Egyptian tombs were constructed of plywood and veneered.

ALLIGERVILLE.

Alligerville, Aug. 16.—Miss Margaret Wager has returned from Florida and is spending some time with her grandmother, Mrs. Mary Schoonmaker.

Mr. and Mrs. Percy K. Stein and son of Portchester spent the week end with his father and mother, Mr. and Mrs. Jacob Stein.

Mr. and Mrs. John Forbes of New York city are spending their vacation with Mrs. Eli Evans.

The Rev. H. W. Noble of the Lafayette Reformed Church, Jersey City, was entertained at the home of Mr. and Mrs. H. B. DeWitt, Saturday night. Mr. Noble filled the pulpit of the Fair Street Reformed Church, Kingston, Sunday morning and will be there again Sunday, August 21.

Miss Elizabeth Lounsbury of New York is spending her vacation at the home of her cousin, Mrs. John Smith.

Mr. and Mrs. Billy Coleman of Vernon were in this place over the week end, stopping with Mr. and Mrs. Lemuel Atkins, at Kyserite.

Mrs. Frank Barnhardt and children of Waterbury, Conn., are visiting at her father's, George W. Garrison's.

Mrs. Martha Shuley and sons of High Falls were guests of Mrs. Mary Schoonmaker Friday and Saturday.

Lewis Cohen has the sympathy of his neighbors and friends in the loss of his barn and large quantity of hay.

Mr. Brooks has a new Pontiac coupe.

Zero in Worries

Our idea of zero in things to worry about is the danger that this earth will last only another million years or so.—Des Moines Register.

One Cent-A-Word Advs. Bring Results

Flashes of Life Sketched in Brief

(By The Associated Press.)
Philadelphia—Having given up study at Princeton and driven a truck between Philadelphia and New York 12 hours a day for eight months at \$16 a week, Fred Phillips, 36, has been promoted to a job in the office of his wealthy father's trucking business at \$40 a week.

Washington—It will cost Nelson T. Johnson \$1,500 a year to be an assistant secretary of state. His new job pays \$7,500 a year. He has been promoted from a \$9,600 position as chief of the division of Far Eastern affairs.

New Monmouth, N. J.—The Rev. P. H. Simpson is working in a cornfield as part of a month's research for material for a Labor Day sermon. He has already toiled as a clam digger. His church paper carries a want ad for himself in which he sets forth he wants hard work and no wages.

Calgary, Alberta—The Prince of Wales and Prince George have been helping in the haymaking on the E. P. Ranch. Each yields a lusty fork.

East Northfield, Mass.—Clarence De Mar, veteran marathoner, ran and walked 105 miles on sweet corn, grape juice, water and milk. He and William M. Leach, have come by shank's mare from heading, Mass., to attend a Christian Endeavor conference.

New York—Roger Wolfe Kahn, jazz orchestra leader, is to become an aviator, having just finished a training course. He disclosed this when fined \$25 for driving his auto-

mobile too fast and added: "Hereafter I am going to continue my speeding to airplanes because I can go as fast as I like."

New York—Mrs. E. C. Chamberlin, whose son died in Germany in training of machine gunners, is taking a vacation from her job on the Manhattan from which she took off to spend in a rest home. She said: "He is perfectly capable of taking me safely through the air." Her husband wishes she had some of the wonderful thunder used in the runway for her home in Madison, Iowa.

Newark, N. J.—Because modern woman likes to be thin and abstain from sweets George H. Fritz and Sons, Inc., is to make candy and will liquidate.

Chicago—A kiss seems to have caused a young lady who was Miss Chicago for a few hours to miss a trip to the Atlantic City pageant of pulchritude. "Miss Estelle Keston" won the city contest and forthwith embraced a young man. Curiously developed and it was found she was married. Forthwith the runnerup was given her crown.

Happiness in Work

There are social and economic readjustments, and many of them lead to failures. Failure is unhappiness. But no man fails if he likes the job. Ford is right. Life's real thrill is in the job. That is what we mean by the "pursuit of happiness" in America. It was the quest of the men who built this wonderful American government for us, and it still is the thing which lures us on to larger achievements. Jobs are full of thrills if we wish it so; but we get these thrills only when we fit the job, when we like it, and give it the best we have in us when we put something of ourselves into the thing we do.—Mobile Register.

NEW PALTZ

New Palz, Aug. 15.—Dr. and Mrs. DuBois of Oxford, N. Y., are spending a week's vacation in town.

Mrs. Abram D. Broadhead, who is at Vassar Hospital, is much improved.

The Rev. J. Robert Halmshaw left New Palz Wednesday night to join Mrs. Halmshaw at their summer cottage on the coast in Maine, where they will remain until September 1. Mr. and Mrs. Charles Vogt of Kingston are enjoying over the arrival of a son. Mrs. Vogt was formerly Miss Ruth Cahill of New Palz.

Mr. and Mrs. DuBois Grimm returned to New Palz on Friday from a wedding trip in Canada and New England. They motored as far north as Montreal where they saw a parade in which the chief figures were the Prince of Wales and his brother, Prince George. They also took the trip on the St. Lawrence, shooting the Lachine Rapids. Returning they motored to Lake Champlain. Going in Vermont they saw the Coolidge homestead at Plymouth and returned through Lenox, Mass. The net proceeds of the Methodist Church fair amounted to \$671. Miss Myra Jackson, who has a position as art teacher in Grand Rapids, Michigan, is visiting at her home in town.

Mrs. Ella Butz, who has been at the Kingston City Hospital for the past three weeks, is expected to return to New Palz soon.

Mrs. Russell R. Atkins has returned after touring Vermont and parts of Canada, returning by way

of the Adirondacks and Lake George. Mr. and Mrs. Bruna Hasbrouck and daughter, Miss Helen Hasbrouck, spent last week end at Lake Minne-waska.

Mr. and Mrs. Albert Fowler and son recently visited Mr. Fowler's grandparents, Mr. and Mrs. Oscar Zimmerman.

Mr. and Mrs. Webb Kniffen entertained relatives on Sunday.

Mrs. A. A. Foubler has returned home from a visit with her daughter at Danbury, Conn.

Miss Margaret DuBois of New York city visited her parents, Mr. and Mrs. O. C. DuBois, last week end and also called on friends in town. Miss Dorothy Ray Fowler is entertaining a friend from Newburgh.

Mr. and Mrs. Harry Daigle were Sunday guests of Mr. and Mrs. Harry B. Coutant at Lake Katrine.

Mr. and Mrs. William Stickles have been visiting Mrs. Emma Portman at Poughkeepsie.

Whitney Miller of New York city spent the week end with Herman Silkworth and family.

Mr. and Mrs. Michael Nilon and family of New York are guests of Mr. Nilon's sister, Miss Mary Nilon.

Walter Deyo is visiting his parents, Mr. and Mrs. Perry Deyo.

Miss Frances White of Norfolk, Virginia, a cousin of Mrs. George Dorey, is visiting Mr. and Mrs. George Dorey on Eltinge avenue.

The interior of the residence of Principal Laurence Van den Berg is being decorated.

James Fleming of Hudson visited in New Palz over the week end and called on some of his many friends.

Mr. and Mrs. Walter Shipman, Walter Deyo, Perry Deyo, Philip H. DuBois and Louis DuBois attended the races at Goshen on Tuesday.

Dangerous Age

A physician says "After forty comes the dangerous age." "Yes, especially if you have developed rheumatism—you can't get across the street nearly as quickly.—New Orleans Times-Picayune.

More Soap Sales Possible

SOAP is not a luxury product used by any particular class or group—rather it is a necessity used by every one every day of the year.

The principal problem of every soap manufacturer is to cultivate markets where sales and transportation costs are economical and where the population is concentrated sufficiently to warrant an expectancy of volume sales.

Surely New York State answers every one of these demands—its population total is one-tenth the total for the United States. Selling and distributing costs can be kept at an absolute minimum because of the easy access and the shipping facilities available to every nook and corner of the state.

There is manufactured in the United States every year about two dollars' worth of soap for every man, woman and child. New York State is capable of absorbing its full share or nearly 23 million dollars' worth.

A recent bulletin from the department of commerce shows that there are 32 soap manufacturers located in this state. For these manufacturers particularly, New York State is an ideal and logical market—able to consume practically their entire output.

The Newspapers of New York State offer the manufacturers of soap and particularly New York State manufacturers means of reaching this tremendous market that fits admirably into any sales plan. Soap in used every day by everybody—the newspaper is read every day by everybody and is the only medium of advertising that will economically serve a manufacturer that depends on a large number of outlets and on universal demand.

New York State Newspapers through this office are prepared to furnish tangible and unbiased information concerning this market and its outlets. May we serve you—Ask this newspaper or write the Advertising Bureau, NEW YORK STATE PUBLISHERS, 709 Charlotte St., Utica, N. Y.

Catskill Mountain House

BEACHVIEW, N. Y.

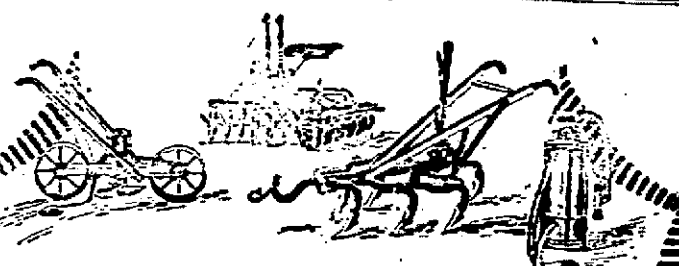

J. K. VAN WAGENEN, Mgr.

Have you ever visited this famous Hotel of the Catskills, and tasted the good cats that are served to you there? If you have not, then, some sunny day take a run up there, over the new road leading through Saugerties, Poughkeepsie and Haines Falls, or over the Ashokan-Stony Clove Road, passing through Poughkeepsie, Tannersville and Haines Falls, arriving at the Hotel in time for Luncheon (between 1:00 and 2:30 o'clock), or for Dinner (between 6:30 and 8:00 o'clock).

\$2.00 PER PERSON.

Stay overnight, if you can, and enjoy the exquisite scenery at Sunset, and at Dawn on the morrow.

DON'T FORGET THE NAME.

Catskill Mountain House**Farm Machinery & Farm Supplies**

It is our aim to handle the most approved types of farm machinery and the best we can secure of other farm supplies. Now is the time to order your new machinery and repair parts. Come in and let us show you what we have.

Among other good things we sell Pyrox—the combined poison and fungicide for spraying fruits and vegetables. Pyrox is effective against chewing insects and fungous diseases; easy to apply; and costs little for the good that it does. There are convenient sizes to suit your needs. Tell us your requirements.

MARYLAND'S HANDSOME CANDIDATE

Albert Ritchie, governor of Maryland, is frequently mentioned as Democratic candidate for presidency. He's rated as one of the handsomest prospects, and the studies above show why.

(International News)

**Romantic-Appearing Bachelor
May Be Dems' Presidential Nominee!**

This is one of a series on presidential possibilities by Fred L. Lindelton, Washington correspondent for International Illustrated News. Mr. Lindelton is writing about personalities, not politics.

By FRED L. LINDELTON

International Illustrated News Staff Correspondent

WHEN Albert Cabell Ritchie ran for Governor of Maryland the first time he was elected by the scant margin of 327 votes. When he was re-elected last time, his plurality was 400,000.

This throws an interesting light upon the rising fortunes and power of this idol of many, many Marylanders, now considered a possible presidential candidate.

Ritchie will enter the lists at the Democratic convention as one of the wettest of wets. In fact, he's so confoundedly wet that certain dignitaries of the Methodist Episcopal Church have publicly branded him an "anarchist" for his attacks on the Volstead Law.

Ritchie is a man of pleasing personality, courteous and even charming in his bearing, and an unusually good dresser.

His department is so affable that it might lead one to think that he's a rather easy-going. That's an error. Ritchie is an able lawyer, prob-

ably the best in Maryland. He is a cold, hard-boiled and calculating politician with a comprehensive knowledge of all the tricks in the game. But he looks just as romantic as President Coolidge does not.

Ritchie is handsome enough to win a beauty prize—to occupy the screen alongside of any Hollywood star. He looks gay and without care, almost devil-may-care—but when he's in the heat of battle, he makes his hits count.

Ritchie's career as governor has been likened to Al Smith's. He is credited with saving Maryland \$150,000 a year by combining various bureaus and has reduced the tax rate, improved the schools and roads and worked for conserving the sea food, on which Maryland always has prided herself.

Ritchie has no hobbies of any kind. Golf requires more time than he can spare. He likes tennis and swimming. He seldom takes a vacation, but smilingly says his only hobby is strenuous work. And he seems to thrive on it.

Ritchie is 51 years old. He received his degree at the University of Maryland Law School in 1898 and became assistant city solicitor of Baltimore in 1903. His first campaign resulted in his triumph by 25,000 votes in then running on direct primary for attorney-general of Maryland in 1915.

Ritchie is a bachelor.

**LAST NIGHT
on the RADIO**

Promise of an extra fine evening of radio reception, given by the wonderful volume and clarity up to sunset, had a crimp put in them by the buzzer at 8:30, which continued until 9:40, with various helps from fat-frying noises and bloopers. WJZ and WEAF were good throughout the buzzing and KDKA and WABC were extraordinarily good.

After the buzzer manipulator threw the switch at 9:40, WSCB, WOC, WSAI, WLW, CFCE, WJL, WSM, WTAM and WWVA were heard clearly. Southern stations seemed dead with the exception of WSM, WRC and WSEA. KDKA had an attack of spreading while the time signal was coming and WPG spread all of the time.

GOSPEL CRUSADER

MEETINGS TONIGHT.

The Ulster County Gospel Crusaders enjoyed a meeting at the Y. M. C. A. Sunday afternoon. A goodly number were present despite the heavy rain.

The meeting was in charge of Louis A. Smith, who spoke on "God's Great Love for His Disciples" and his text was found in John 3:16. Mr. Smith was assisted by his brother, Frederick B. Smith, when singing a duet "Nailed to the Cross" which was very beautifully rendered.

The offertory solo was sung by Robert Baines and was "Memories of Mother."

Three prayer meetings were announced for tonight as follows: Mrs. Moot, 76 Grand street; Mrs. Silkworth, 114 South Manor avenue; Mrs. Oscar Richter, 83 Greenkill avenue. Everybody is invited to attend the U. C. G. C. meetings.

SAUGERTIES WEEK-END

TRAFFIC WAS HEAVY

The motor vehicle and other traffic which passed through Saugerties Saturday was very heavy. The following census was taken by Patrolman William Voerg:

Saugerties to Asten.....5146
Saugerties to Kingston.....6230
Saugerties to Woodstock.....2547
Saugerties to Palenville.....1194

World's Swiftest Animal

The cheetah, a kind of leopard, is said to be the swiftest animal in the world, and is used in India for coursing hares. Sometimes a match is arranged between two cheetahs and heavy bets made on the result.

**NEW YORK ASSISTS IN
BENNINGTON CELEBRATION**

Bennington, Vt., Aug. 15 (AP).—Vermont was aided today in the final events of the sesquicentennial celebration of the Battle of Bennington by representatives of New York, Connecticut and Massachusetts.

New York had given two markers for historic sites and these were to be dedicated. One was where Gen. Stark camped on the main road to Troy, N. Y. National Guard troops of New York, added color to the dedication scene. The other marker was erected on the battlefield at Walloonsack, N. Y. A wreath for each New England state was to be laid on the tablets in memory of the share played by their soldiers in the struggle with the English and Hessian troops. Massachusetts and Connecticut Sons of the American Revolution decorated the site of the home in North Bennington of Seth Warner, commander of the Green Mountain Boys.

The climax of the four-day celebration was scheduled for the afternoon with a parade of all military bodies and societies which have participated in the celebration.

Roundouts at Fair Grounds.

Manager Golnek of the Roundout A. C. has procured the Spartans to oppose his club at the Fair Grounds this evening. The game was announced at a late hour and the batteries were unknown.

P. O.-City Club Swamps Palens

The P. O.-City team swamped Palens, 21-7, at the Athletic Field Monday. Every member on the P. O.-City team, except O'Neill, made at least one hit. Lynch and McGrane made three apiece. Flannery was Palens' best hitter, making three. Sahloff featured on the defense, having seven chances without a mistake. Sczyca, pitching for Palens, was found for 15 hits. He was hit hard in every inning, but went the full route. Jimmy O'Neill started on the mound for the P. O.-City team. He couldn't locate the plate in the third inning and retired in favor of Wheeler, who finished the game.

Game Scheduled for Tonight.
The two Railroad teams, who are battling for first place, will meet tonight at the Athletic Field at 6:15. Bush and Schultz will form the battery for the West Shore; Black and Smedes for the U. & D.-Cornell.

Tagging Major League Bases

(By The Associated Press.)
After a day of rain, marked only by the Boston Braves' 12-11 victory in ten innings over Philadelphia, major league clubs hastened into action today with the Pittsburgh-New York series opening at the Polo Grounds, sharing the center of attention.

The Giants are only one game out of third place. The team has won 14 out of its last 15 games, 12 of which were played on the road. The pitching staff has rounded into long-expected form and the Giant attack apparently has started to function properly. The Pirates, on the other hand, out of first place, but only three games ahead of the Giants, will be put to a stiff test in the present series.

The Chicago Cubs lining up against the Brooklyn Dodgers, are likely to change their hold in first place. McCarthy's club has won 13 out of 15 games against the Robins.

The New York Yankees start today their final western trip, meeting the White Sox in Chicago. Miller Huggins' club has a 12-game lead in first place.

Yesterday's one ball game was marked by 32 safe hits. Jacques Fourrier of Boston and Jimmy Wilson of Philadelphia, hit home runs. Five pitchers saw service. Jack Scott pitched only one ball and retired. Boston tied the score at 11, all in the eighth and the teams went ten innings before Boston won, Jack Smith, batting for Triana, singled home Andy Hish with the winning run.

The next match will be played at Poughkeepsie. Williams of Kingston made 17 ringers in one game and Myers of Poughkeepsie made 13. The Kingston players were DuFon, Roosa, Burns, DeGraff, Williams, Hinds.

Sugar Bowls Lose to Clermonts.
The Gully Sugar Bowls dropped a game to the Clermonts Monday evening at Block Park, 8-1. Mathia, Clermont hurler, was a big factor in the downfall of the Sugar Bowls. He allowed very few hits and these were well scattered.

TRIO OF GAMES FOR RONDOUT A. C. THIS WEEK
Three games will be played by the Rondout A. C. at Block Park this week. On Wednesday the Kingston Cubs will be the opponents. Friday night the Post Office-City team will track up against the Seventh Ward aggregation and Sunday afternoon the Rosendale nine will appear at Block Park. The Rondouts beat the Cubs in one meeting and in a battle with the Post Office-City team last out. Their first meeting with Rosendale will be Sunday.

Submits Plans for Heavyweight Bout

Richard Will Present Seating Plans for Dempsey-Tunney Fight to Illinois Athletic Commission Today—Dempsey Arrives in Chicago on Thursday.

Chicago, Aug. 16 (AP).—The Illinois supreme court of fistiana, the state athletic commission, today took up the public's side in the forthcoming heavyweight championship battle, scanning the blue prints which show how Tex Rickard proposes to seat 150,000 or more in the great Soldier Field stadium, September 22.

Whatever the commissioners say today, on the number of seats and the price the public will pay for them, will define the limits of Rickard's new record in fight crowds and gate receipts. Nearly a million and a quarter dollars already has been placed in ticket orders, with the demand increasing. Apparently Rickard will easily be able to sell all the tickets the commission will give him permission to print.

Rickard's last minute revisions of the plan, before submitting it to Chairman John C. Righeimer and Commissioners Paul Prehen and O. W. Huncke, were to increase the extent of the cheaper priced seating sections.

Jack Dempsey arrives Thursday for his training at Lincoln Fields race course, in his desperate effort to shatter the ring tradition that heavyweight champions never come back.

Billy Gibson, manager of Champion Gene Tunney, is on his way back to Speculator, N. Y., to urge the titleholder to come on west soon and establish himself at the Cedar Crest Country Club, on Fox Lake.

When the seating plan is approved, Rickard's last problem before the boxing commission will have been settled, and then will begin the job of allotting the tickets to the thousands who have sent in their checks and orders.

Highlanders vs. Rinkydinks.
The Highlanders and the Rinkydinks will be seen in action at Block Park Thursday evening. The attraction is expected to bring the usual large crowds to the Abel street diamond.

WHAT HAPPENED IN THE BOWED ARENA LAST NIGHT

(By the Associated Press.)
Philadelphia—George Godfrey, Leipsville, Pa., knocked out Jim Maloney, Boston, 1. Wroming Warner, Chyrene, knocked out Mike Russo, Shreveport, 1.

St. Paul, Minn.—Billy Petrolle, Fargo, defeated King Tut, Minneapolis, 10. Billy Light, St. Paul, outpointed Billy Showers, St. Paul, 10.

Lynn, Mass.—Homer Robertson, Boston, defeated Babe McCargary, Oklahoma, 10.

Mansfield, Ohio—Al Dundee, Mansfield, knocked out Freddy Schroeder, Toledo, 6.

Flint, Mich.—Martin Burke, New Orleans, knocked out Nick Newman, Cleveland, 4.

Jersey City—Joe Knapp, New York, outpointed Soldier Eddie Burnbrook, Baltimore, 10.

Mobile, Ala.—Frankie Oaner, Tulsa, Okla., defeated Jackie Leads, New Orleans, 10.

Dayton, O.—Joe Sekyria, Dayton, scored technical knockout over Art Weigand, Buffalo, 8.

Charles (Stony) Wall, Kansas university baseball and football star, has signed with the St. Louis Cardinals.

George Grant, leading hurler of the Terre Haute Three-league baseball team, has joined the Cleveland Indians.

Dick Snelling, young Cleveland pitcher, has been sold by Washington to Jersey City of the International league.

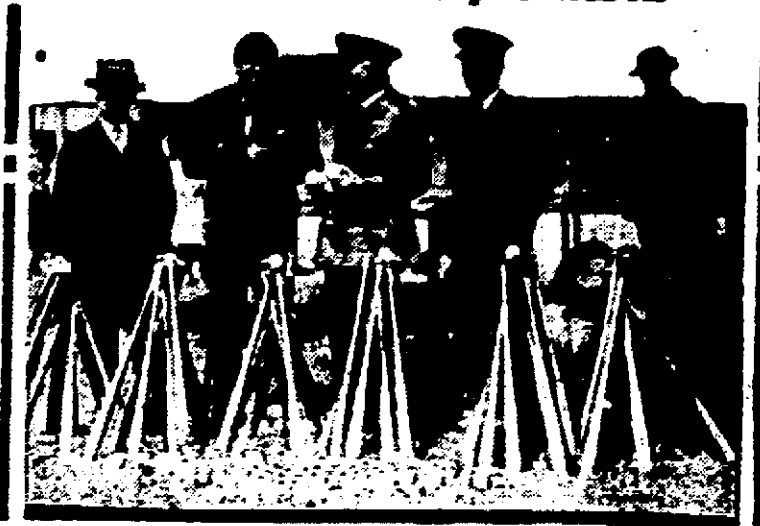

Ohio State will present almost a new team in baseball next season. It lost seven regulars this year by graduation.

Manuel Herrera, an infielder released by Mobile, was sold to the Springfield (Mass.) team of the Eastern league.

Frank J. Navin broke into baseball as a cashier and bookkeeper for S. F. Angus, one of the early owners of the Detroit club.

Arthur Rosenzweig, 29, leftfielder, of Brooklyn, N. Y., has been elected captain of the baseball team at Lehigh university for 1928. Francis LeR. Clayton, 28, of Joplin, Mo., was elected captain of the track team.

Baseballs for Army Children

The Photograph Shows, Left to Right: Maj. Gen. William Weigel, U. S. A.; Babe Ruth, Maj. Gen. James H. McRae, S. S. A. (and Lieut. Col. Henry W. Fleet, C. M. T. C. Officer.

Reviving a custom which he inaugurated in the summer of 1924, "Babe" Ruth, star baseball player of the New York "Yankees" of the American league, recently autographed 53 Louisville slugger bats, and as many baseballs for these fortunate young men under canvas at the nation-wide Citizens' Military Training camps who were selected, at the conclusion of the 30 days' training, as the most outstanding ball players in their respective camps.

The Sultan of Swat autographed the balls and bats on Governors Island, in New York harbor, personally presenting them to Maj. Gen. James H. McRae, commanding the Second Corps area, while cameramen "shot" the interesting event.

An added incentive has now been given the stalwart young Americans in training at the C. M. T. camps through-

out the country, for what normal American boy would not treasure a baseball and bat autographed by the mighty Bambino himself? The government has always fostered the principle of a sound mind in a sound body, and Babe Ruth's trophies of the diamond will but serve to lend greater stress to the athletic activities at these government encampments this summer.

The national pastime has always occupied a prominent place in the curriculum of every Citizens' Military Training camp. Now, with this coveted award to strive for, the host of clean-cut American youths, who annually spend a month under canvas at the C. M. T. C. as Uncle Sam's student guests may be expected to put forth herculean efforts to win "Babe's" own bat and ball, something any young man may be proud of.

CLERMONT'S TO PLAY TONIGHT. BUSY SCHEDULE AHEAD
The Clermont A. C. will oppose the Hutton A. C. in the fourth of a five-game series at Hasbrouck Park this evening. Should the Clermonts be victorious they will be the series winners. If the Huttons cop tonight's game the deciding contest will likely be played on a neutral diamond.

Spalt, Fisher and Dunn will be available for mound duty tonight with J. Houghtaling behind the bat. Hahn or Dominica will probably do the hurrying for the Huttons.

The Clermonts are anxious to play the Kingston Cubs and the latter club may arrange a game for Saturday night at Hasbrouck Park. The Cubs' manager may call 222-W if he wishes to accept the Clermonts' challenge.

Sunday the Clermonts will journey to Glasco where they will play the brick-district representatives on the Athletic Field. Thursday evening of next week they will stack up against the Gully All-Stars at Block Park. This undoubtedly will be an interesting contest as the Clermonts, having waited some time to get a crack at

the Gullys who have been playing a good brand of ball this year.

The Clermonts will bring the Silent Six of Newark, N. J., to Kingston on Sunday, August 28. The "Skeeter State" team has quite a reputation and the Clermonts will depend much on their usual large following in order to finance the deal.

BOXER LOSES AND WINS IN SAME EVENING
Council Bluffs, Iowa, Aug. 16 (AP).—Rufus Miles, boxer from Columbus, Ga., won a fight and lost one last night.

Miles knocked out Jack Hayes, local welterweight, in the first round of their scheduled six round fight. Then the promoters decided the card would be too short, and got another opponent for Miles. Sam Dizalzo of Omaha, was hustled into fighting clothes and went in the ring, winning a decision after six rounds.

It Happened in Atchison
An Atchison man, when he gave his week's wage to his wife, was a nickel short, and she accused him of "keeping" another woman.—Atchison Globe.

THE SUN NEVER SETS ON CHESTERFIELD'S POPULARITY.

[Popular in all 4 corners of the Earth...]

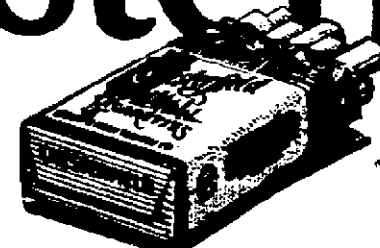

in Paris...

where good taste is born

FROM the brilliant lobby of the Crillon to the obscure little bureau de tabac in the Quartier Latin, you'll see the familiar Chesterfield package in every corner of Paris.

The marked favoritism shown Chesterfield by this most cosmopolitan city of the Continent is added proof that the appeal of natural tobacco taste and fragrance is universal. And that alone explains Chesterfield's world-wide popularity.

Chesterfield

—such popularity must be deserved!

Allen Endorses St. Lawrence Route

Former Governor of Kansas Favours St. Lawrence Waterway as Opposed to "All American" Plan—Says Waterway Would Be of Great Importance to People of Middle West.

Charlottesville, Va., Aug. 16 (AP).—Endorsement of the St. Lawrence waterway proposal as a means to linking the Atlantic Ocean a thousand miles inland through the St. Lawrence and the Great Lakes, with a by-product of hydro-electric energy to pay the cost, was voiced today by Henry J. Allen, former governor of Kansas, and editor of the Wichita Beacon, at the University of Virginia's Institute of Public Affairs.

Supporting the international route as opposed to the "All-American" plan, Mr. Allen said engineers declared the waterway would be of greater importance to the 43,000,000 people of the Middle West than the building of the Panama Canal. The

St. Lawrence course, he said, would have an advantage of 625 miles in trade with Europe as well as providing tremendous water power.

International engineers, he said, had estimated that the 33-mile lock proposed to equalize rapids of the river would produce more than two million horse power, which would be shared by Canada and the United States. Sale of the power, he contended, would pay for all construction and relieve both countries of the necessity of appropriating the money of the tax payers.

OLDEST WHOLESALE

ELECTRIC HOUSE HERE

Recently one of the New York papers sent questionnaires throughout the United States, in order to determine the oldest wholesale electric house in the country, and it is rather interesting that Kingston should have this distinction. According to the answers of the questionnaire the Canfield Electric Supply of Kingston, which was organized 77 years ago, is the oldest house wholesaling electric supplies. The Canfield organization bases their success, not so much on their age, as on their progressiveness.

QUEER SIGN WARNS OF DANGEROUS CURVE

The photograph shows an unusual sign which has been erected on a dangerous curve of a mountain highway near Truckee, Calif., where several fatal automobile accidents have happened. The warning sign was erected by a driver who narrowly escaped death as the result of the reckless driving of another motorist.

GIVE CLOSED CAR REGULAR WASHING

Finish of Many Cars Dulled and Scratched by Careless Washer.

A closed car does not collect any more dust and dirt than an open model, but it looks much worse if it is not cleaned regularly. Considering the great increase in the popularity of closed cars, automobile cleanliness is today more important than ever.

Although some manufacturers give special instructions for washing the finish of their cars, a thorough knowledge of correct washing principles is desirable for every car owner.

It's Simple, but—

Washing an automobile is simple, yet the finish of many a car has been dulled and scratched by carelessness in washing. Never wipe off the dust or mud without first flushing off the car body with a stream of water. The water removes much of the foreign matter so that it cannot scratch the finish in later washing operations.

After flushing, go over the body with a sponge and a stream of water. Be sure that the water runs freely through the sponge to carry away the dirt. Wash the sponge frequently, and use it gently. Very cold or very hot water should not be used—a lukewarm temperature is best.

After the washing operation, a soft cloth or chamois should be used to dry the finish. Then a good body polish should be applied with a soft cloth or chamois.

Rancid butter is an effective agent for removing spots from the finish, as is kerosene. Do not polish the nickel parts too often, as frequent rubbing with a polish tends to remove the plating. A good silver polish is the best thing to use on nickel, but generally the nickel can be kept bright by rubbing it with an oily rag. Remember to take particular pains in washing a new car, because the varnish and paint require time to season and are more easily injured than on an older car.

Removing Grease and Oil.

To remove grease and oil, apply gasoline to the parts on a soft cloth. Mud and grease on axles and under the fenders can easily be removed by washing with suds made by dissolving two pounds of soap in a gallon of water. It is best to rinse the washed parts thoroughly.

Texas Farmers Now Own Largest Number of Cars

Corn-belt states which for a number of years held the motor supremacy of the country are now struggling with the South for these laurels. Texas in 1925 heads the list of states having the most cars on farms, while Iowa is in fourth place. The figures are 238,276 and 229,000 respectively. While Iowa, Nebraska and Kansas were crowding the top rungs in respect to the number of cars in proportion to population, here the South and Far West are coming to the forefront. Iowa ranks second in this rating with California taking first honors and Florida coming into third place. Nebraska and Kansas rank sixth and seventh. The shift in the position of the corn-belt states is not due to lack of progress, because the numerical increases in registration have continued. Other states, however, which did not get started as early, are now rushing to the fore.

Almost Universal Belief

The belief that animals contained within their bodies stores endowed with magical properties is one that is common to almost every race and civilization, and refers to a large variety of creatures, says a geologist writing in the Popular Pictorial Magazine.

Whitewash Applied to Catch Auto Thief

At last we have the solution to the problem of catching automobile thieves.

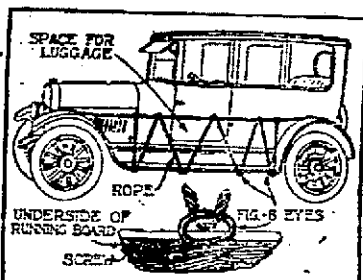

It's offered gratis to all police departments of the world by former Inspector C. Turner, of the London police. Here it is:

Have handy in each police station pails of whitewash and syringes. When a car is reported stolen, distribute the whitewash equipment at the important outposts of the town and when the stolen car is spied, an officer at each side of the road sprays the machine with his whitewash.

It's sure to be identified easily and stopped at the next crossroads.

Carry Bulky Luggage on Running Board of Auto

You can lash considerable bulky luggage to the running board of your car by the use of a rope arranged as shown in the illustration. The eyes should be bent up from an iron rod at

Several Special Eyes and Some Rope Arranged in This Way Will Hold Considerable Luggage.

least one quarter inch in diameter. By loosening the screws, the eyes can be turned under the running board when not in use.—Popular Science Monthly.

AUTOMOBILE HINTS

Getting down to brass tacks is all right for anybody but the motorist.

Sixty American railroads now use motor trucks as part of shipping service.

More than 15,000 schools in this country have motor bus transportation for pupils.

Children should be taught never to play around automobiles or to touch any of the levers.

Recent investigation shows that the most dangerous traffic hour of the day is between 5 and 6 p. m.

Throughout the United States there are 51,715 public garages and 83,758 service stations and repair shops.

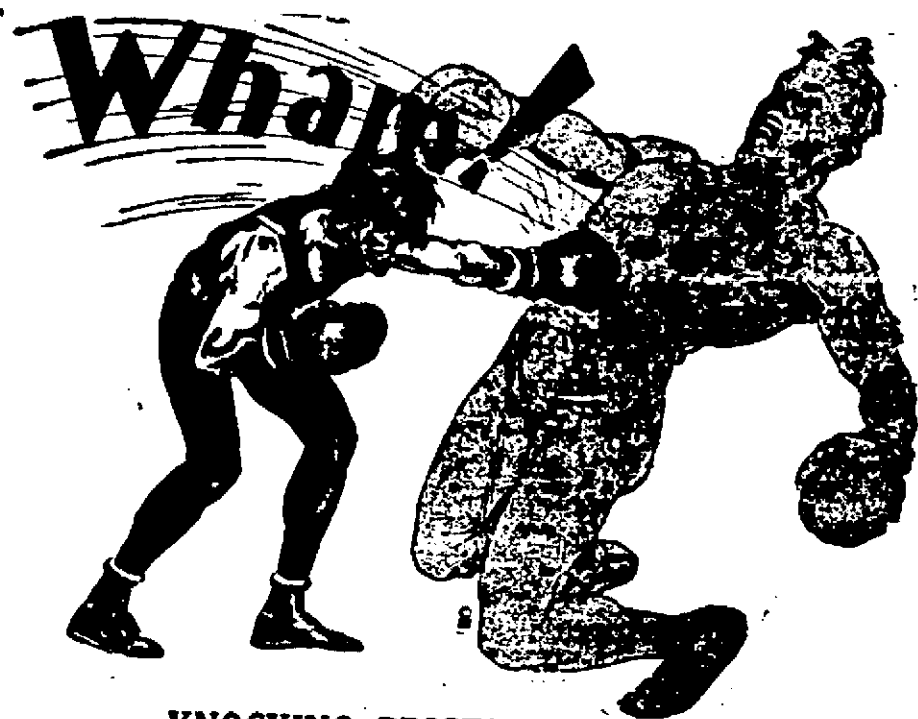

Barney Oldfield, who has driven in more races than any other living driver, was the first man to make 60 miles an hour in an auto.

Motorists who own closed cars should warn their passengers not to lean against the doors. The owner is responsible for the safety of his passengers.

A motorist suggests that a list of Safety-First hints for pedestrians should be displayed on all cars. Placed under the chassis they could be read as the traffic passes over you.

Votes for Women A Lausanne Issue

Lausanne, Aug. 16 (P).—For the first time since the opening of the world conference on faith and order, the voice of its seven women delegates, of whom four are Americans, was heard today when they presented a signed appeal for greater recognition of the members of their sex in the council of the churches.

Believing that scant attention has been paid by the more than 400 male delegates who have not given one of them a chance to speak, the women met in private in their hotel and drew up their statement.

Addressing their sisters, one of the feminine delegates asserted in forceful terms that, whereas more women than men went to church and that the women did most of the work in the churches, the men occupied all the places on the boards.

The first meeting of the year of the Stone Ridge Home Bureau will, agreed to be a picnic held on Mrs. C. C. Har- denbergh's lawn Friday, August 19. Lunch will be served at 12 o'clock. All members are cordially invited to attend and help put a lot of pep in next year's work.

Stone Ridge Home Bureau Picnic.

New York Egg Market.
New York, Aug. 16 (P).—EGGS—Firm. Receipts, 25,385. Fresh gathered, seconds and poorer, 25½c @ 25c; nearby henery browns, extras, 33c @ 42c; Pacific coast whites, extras, 44c @ 45c.

Lawn Party Thursday.

The Ladies' Aid of St. Paul's Lutheran church will hold a lawn party at 8 Sterling street Thursday evening, August 18 at 6 o'clock. The public is invited to attend.

THE PEOPLE OF THE STATE OF NEW YORK.

by the Grace of God Free and Independent.

J. Edouard Amiguet, 53 Boulevard de Picpus, Paris, 12 me France.

Rose Amiguet, 53 Boulevard de Picpus, Paris, 12 me France.

May B. Colman, Woodstock, N. Y.

Mrs. M. Beteman, Woodstock, N. Y.

And to all persons interested in the estate of Charles Amiguet, late of the Town of Woodstock, County of Ulster, and State of New York, deceased, an executor, legatee, next of kin, or otherwise:

SEND GREETING:

You and each of you are hereby cited to show cause at a Surrogate's Court, to be held in and for the County of Ulster at the Surrogate's office, in the City of Kingston, in said County, on the 12th day of September next, at ten o'clock in the forenoon of that day, why the account of probate of the will of said deceased, should not be judicially settled and allowed, upon the petition of said Administratrix.

IN TESTIMONY WHEREOF, we have caused the seal of said Surrogate to be hereunto affixed. Witness, Hon. George F. (L. E.) Kaufman, Surrogate of our said County, at the City of Kingston, the 8th day of August in the year of our Lord one thousand nine hundred and twenty-seven.

C. E. LOUGHEAN, Clerk of the Surrogate's Court.

FOWLER & CONNELLY, Attorneys for Administratrix, 205 Wall Street, Kingston, N. Y.

GERMAN INSURRECTIONISTS LIABLE FOR \$1,428,000

Berlin, Aug. 16 (P).—Captain Ehrhardt, who participated in the Kapp "Putsch" of 1920, when insurrectionists seized the government of Germany for four days, has been notified by the ministry of defense that he, jointly with Gen. Luettwitz and Major Bischoff, is held liable for 6,999,999 gold marks (\$1,428,000) damages to the state in consequence of the uprising. Captain Ehrhardt disclaims liability, saying he acted under Gen. Luettwitz's orders.

Gen. Luettwitz led his troops into Berlin on March 3, 1920, and occupied the government buildings. The late Dr. Wolfgang Kapp, a native of New York city, and head of the insurrection, was installed in the chancellery, and issued proclamations as "chancellor of the Reich."

After ineffectual attempts to form a government, Dr. Kapp and Gen. Luettwitz fled from the capitol on March 17, and succeeded in leaving the country. Kapp later died in Lelaple in June, 1922, while awaiting trial. There is no record of Gen. Luettwitz ever being apprehended.

AGED MAN KILLED BY TROLLEY NEAR AMSTERDAM

Amsterdam, N. Y., Aug. 16 (P).—Charles Coates, 83, stepped in front of a west bound interurban trolley car six miles west of Schenectady this morning at 9:20 o'clock, and was instantly killed. The aged man, who lived in the immediate vicinity, had been standing in a shelter station and started across the tracks as the trolley approached. He had nearly cleared the tracks when hit.

Ministers' Daughter Hurt.

Miss Dorothy Sharples, daughter of the Rev. and Mrs. Mark Sharples of Malden was treated by Dr. B. W. Gifford at Malden Saturday afternoon for injuries received in an automobile accident at Crayville, Columbia county. The injuries to her head and legs were sustained when the Buick driven by her brother, Frank, left the road and turned over owing to wet pavement.

Engine Fell From Trestle.

The new transfer engine of the Alpha Cement Co. at Cementon, used to haul cars from the plant to the West Shore Railroad tracks, dropped from a sixteen-foot high trestle Friday. The engineer, Frank Relyea, escaped injury by jumping. It is said. The transfer engine was not damaged to any extent and the West Shore wrecker placed it back on the tracks.

Broke Ankle In Collision.

Thorwald Bergstrom of Brooklyn sustained a broken ankle and strained back Sunday night when the motorcycle upon which he was riding with Andrew Gustason, the operator, collided with a sedan operated by Miss Alberta Coon of Malden on the Saugerties-Catskill road at Malden.

Nominated K. of C. May Have Made Officers Monday

At the regular meeting of Kingston Council, No. 275, Knights of Columbus, held Monday night, nomination of officers was the chief order of business. All nominations were unanimous and at the election of officers for 1928, to be held Tuesday, September 6, the following, who so successfully piloted the council through the year 1927, will be chosen to head the Knights for the ensuing year: Florian P. Wingert, grand knight; Bernard Peeney, deputy grand knight; William Lehigh, chancellor; John Rice, warden; James Hicks, inside guard; John McGuire, outside guard; Patrick Murphy, treasurer; J. Edward Conway, advocate; William C. Leonard, recorder.

Delegates to the 1928 state convention were named:

Grand Knight Florian P. Wingert and Treasurer Patrick Murphy; alternates, R. Frank Flanagan and J. David Schenck.

TONIGHT LAST CHANCE FOR MASONIC BAKE RESERVATIONS

Those who have not made reservations for the clambake to be held at Golden Rule Inn, Wednesday evening, August 17, will have their last chance tonight. The committee in charge of the bake will meet in the Masonic Club rooms, 635 Broadway, this evening to make a report on all tickets sold. It is essential that a full report be made tonight so those who contemplate attending the clambake must communicate with the committee before 7:30. Those who have not been able to get one of the rapidly selling tickets may call 1334.

For the convenience of those who have no means of getting to Golden Rule Inn automobiles will leave the club rooms at 6 p. m. Wednesday.

The bake will be served at 6:30, so ample time will be given for all to reach Golden Rule Inn. Rats will not interfere with the program. After the meal dancing will be held in the casino at the inn. Paul Zucca and his orchestra will furnish the music.

STATE FIREMEN MEET AT NIAGARA FALLS

Niagara Falls, N. Y., Aug. 16 (P).—With more than 1,000 delegates in attendance, the annual conventions of the New York State Firemen's Association and the Western New York Volunteer Firemen's Association opened with a joint session here today.

Separate sessions of the two associations will be held this afternoon, tomorrow and Thursday. The parade tomorrow afternoon will consist of twelve divisions with more than 100 fire companies in line.

May Have Made World's Record

San Diego, Cal., Aug. 16 (P).—Two world's records for seaplanes, one for duration in the air and the other for distance covered, were believed to have been made today by Lieutenants Byron J. Connell and Herbert C. Rodd, U. S. Naval aviators, stationed at the North Island Naval Air Station. They took the air at two o'clock yesterday afternoon and still were flying at 8 a. m. today.

Connell and Rodd took the air in an effort to break the record of 14 hours and the distance of 500 kilometers for seaplanes.

During the 18 hours it was figured they averaged slightly more than 50 miles an hour.

The flight was being held over a 25-mile triangular course.

J. Ogden Armour Dies in London

Chicago, Aug. 16 (P).—J. Ogden Armour died today in London, a cablegram received here by Lester Armour said.

About the Folks

Clarence Proper of Broadway has purchased a new car.

Miss Catherine F. Murphy of 47 Tompkins street has returned from visiting in Bridgeport, Conn.

George W. Palmer left today for Atlantic City, N. J., for a sojourn of several days visiting relatives.

Miss Alice Lehan of Weehawken, N. J., spent the week end at the home of Florence Scully of Brewster street.

Mrs. Lawrence Canfield Camp has returned from a week's visit with relatives in New York and Newark.

Mrs. Olive Van Etten of No. 77 Cedar street is spending her vacation with relatives in Paterson and Newark, N. J.

Prof. J. Stumpf of Spencer's Business School has left to join his wife and spend a month's vacation in Michigan, Ohio and Indiana.

Mrs. R. B. Johnston of Detroit, Mich., has returned home after spending two weeks with her sister, Mrs. William Lake, at Connelly.

Mrs. Clem Clark and daughters, Lourene and Emma May, of Lindhurst, N. J., are guests of Mr. and Mrs. Silas W. Perrine of Broadway.

Mrs. Josephine Selba of Harrisburg, Penn., has returned home after spending the week end with her sister, Mrs. William Lake of Connelly.

Mr. and Mrs. Milton O. Auchmoody are on their annual automobile summer tour through northern New York, the Thousand Islands, Maine and Canada.

Mr. and Mrs. Harry Neuton and son, Donald, of Green street are spending a few weeks with Mrs. Neuton's parents, Mr. and Mrs. Hogan, at Olive Branch.

Miss Florence Scully of 43 Brewster street has returned home after a two weeks' vacation at the home of her aunt, Mrs. C. Keating of Dumont, N. J.

Miss Loretta and Master Jack Keating have returned to their home in Dumont, N. J., after spending five weeks at the home of their aunt, Mrs. J. Scully of Brewster street.

Mr. and Mrs. L. Richter of 33 Brewster street are spending their vacation at the home of Lieutenant and Mrs. J. J. Montgomery of Sidney, N. Y., and visiting Mr. and Mrs. A. A. Johnson, formerly of Kingston, at Utica.

Mrs. James Stead and daughter, Frances, of Bridgeport, Conn., have returned home after spending their vacation with Mrs. Thomas Murphy of 47 Tompkins street. Miss Mary Murphy returned with them to spend her vacation.

Mr. and Mrs. Walter Davenport and daughter, Nellie, of Accord left Monday on a western trip. They will go to Banff, Lake Louise, through the Canadian Pacific Rockies to Vancouver, Seattle, San Francisco, Los Angeles. They plan to return at the end of September by way of Yellowstone Park and Colorado Springs.

Dyckerbar Sporting Club Party.

Mombaccus, Aug. 16.—The Dyckerbar Sporting Club had a party on Saturday evening which was largely attended. Another meeting will be held on Tuesday, August 20, and anyone who wishes to join the organization may do so. A picnic will be held by the sporting club in the near future.

Boy Lost Too.

John Smith, nine year old boy of Ulster Landing, had a toe severed from his right foot, Saturday, when a railroad tie he was lifting fell on the member.

The slogan for the Soviet: "Automatics for autocrats."

The shorter the woman's dress the longer it takes her to dress.

Fullest situation is when you are asked for advice and then argued with about it.

The final test of gentility is the ability to disagree without being disagreeable.

American goods have been boycotted in China, probably to the great delight of pedestrians.

Probably the supreme test of personality would be getting cheerful service for a nickel tip.

It is said that women are now wearing snakeskin coats, which, of course, are better than nothing.

Heat Every Room Uniformly with Less Fuel

Thousands of home owners are struggling along with unsatisfactory heating furnaces, getting from \$10.00 to \$50.00 of cost each year, wasting gas, smoke and when up into the rooms. This is not only dangerous and wasteful, but also ruins walls and furnishings. In cold weather only parts of the house are warm or the floors are cold.

Heating furnaces are clean, don't leak gas or smoke and will burn soft coal, hard coal, oil or coke. Use any kind of fuel.

Holland Furnaces have Air-Vaporizers and Ash Melancers so that the air you breathe is beautiful and invigorating and you have no dust when you remove the ashes.

When you decide on a new furnace, consider quality before price. You can't afford to take a chance on the ordinary furnace. A furnace must

be large enough and the heating system installed properly by an experienced heating service man. Without obligation, anytime, day or night, we will send one of our Trained Heating men to call at your convenience. He will refer you to thousands of users, many in your neighborhood.

Dry Agents in Rochester.

Rochester, N. Y., Aug. 16 (AP)—Chief John A. Johnson and his squad of prohibition agents seized a brewery in an uninhabited Lexington Avenue house last night. In addition to 25 gallons of beer, the officers confiscated equipment which they valued at \$20,000. The plant was what is known as a "cold water" plant, and contained six vats of 2,000 gallons capacity each.

Henry Thomas Discharged

Henry Thomas, the negro arrested several days ago on a charge of attempting burglary at No. 7 Mill street, by entering the cellar during the night and trying to force a trap door leading to the floor above, was discharged in police court today after a hearing before Judge A. H. Van Buren. The negro was represented by Attorney Frank W. Brooks.

Financial and Commercial

New York, Aug. 16 (AP)—Possession of the upward price movement in today's stock market was featured by the revival of activity and strength in the railroad shares. Pools, faced with the prospect of easy money rates for some time to come, were again active in stocks of specialties in which favorable developments are believed to be pending, lifting more than a score of issues to record high levels.

Investment buying was still of a cautious character, although the belief prevailed that last week's drastic decline had cleaned out most of the "sore spots" in the market. The day's trade was rather colorless in character. A drop of 25 cents in steel prices had little effect on the steel shares. Vanadium Steel was among the new high records.

Concurrent strength of Montgomery-Ward and Sears-Robuck, each of which established a new high record by selling at 7 1/2, revived rumors, repeatedly denied in the past, of a merger of these two mail order companies. Public utilities presented several points of strength, new tops being recorded by American Express, Brooklyn Edison, Engineers Public Service, Manila Electric and Radio Corporation.

The strength of the motors was believed to have been influenced by the report that the new Ford car would not be in production until early next year, thereby removing fears of competition from that quarter in the next few months. Special buying of Chrysler was associated with the announcement of new models this coming week end.

Weakness of General Railway Signal was investigated by the announcement of an investigation into the alleged monopoly in the manufacture of automatic signal and train control devices. Eureka Vacuum also was heavy.

Quotations given by Parker, McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York city, branch office, 260 Fair street, Kingston, N. Y. Phone 235.

Order of Owls, 1146, will not hold its meeting tonight.

New Niagara Falls Commissioner.

Albany, N. Y., Aug. 16 (AP)—Henry P. Werner of Buffalo, was appointed a commissioner of the state reservation at Niagara Falls by Governor Smith today. Mr. Werner is president of the H. O. Company of Buffalo, president of the Buffalo Club, and a director of the Manufacturers and Traders' People's Trust Company.

Microbe Organs Revealed

A microscope so powerful that it is able to show the interior organs of a microbe was displayed at a recent meeting of the Royal Society in London. The instrument has a magnifying power of 1,000.

Beware Transmuting

Everything else being equal, a man has a better chance of branching out if he stays rooted to one spot.—Terror Tribune.

ROAD BUILDING

BUILD HIGHWAYS TO SUIT AUTOS

For a long time highway officials insisted that motor vehicles should be adapted to the highways, but now the highway departments are trying to adapt the highways to the vehicles and the traffic, asserted Prof. T. R. Azz of Iowa State college and chairman of a committee of the highway research board of the National Research Council, at a recent meeting of the Metropolitan section of the Society of Automotive Engineers in New York.

Limitation of loads and of sizes of vehicles must necessarily continue as a safeguard to the existing investment in highways, but regulations in this regard are made as liberal as conditions allow.

The new conception of the function of highway systems has made it imperative that highway engineers obtain a clear understanding of the interrelation of the highway and the vehicle; that is, the reciprocal effect of the road and the vehicle upon each other.

Low and intermediate types of road surface wear tires from four to ten times faster than high-type road surfaces, and surfaces of loose angular stone may produce 20 times the wear on tires caused by high-type surfaces. The most economical road grade, as a general principle, said Professor Azz, is one that will allow a vehicle to ascend in high gear at the most efficient engine speed and to descend without the use of brakes and without attaining excessive speed.

The best type of car road for heavy traffic is a concrete road 12 inches thick that has about forty pounds of steel reinforcement in each square and with the slabs laid in lanes about ten feet wide so articulated that more lanes can be added if needed and with expansion joints every 35 feet.

On heavily traveled roads each foot of distance saved will justify an expenditure of at least \$90, and this should be borne in mind when the shortening of distance entails heavy grading or other expense. When a road grade requires the shifting of gears and excessive use of the brakes, extra cost for gasoline and tire wear will result and can be estimated. This extra cost, however, may be less than that of traveling the extra distance required to secure a lower rate of grade.

The cost of any type of road is the aggregate of the expenditures required to build the surface and to keep it in a condition of maximum serviceability over an indefinite period of years.

Good Road Projects in Latin-American Lands

More than one billion dollars will be invested in new road construction in Latin America within the next two or three years, according to Wallace Thompson, editor of Ingenieria Internacional.

"Cuba has recently awarded to an American firm," he states, "a large road-building contract. Mexico, in spite of the political unrest, is cutting highways into the interior in every direction. All Central America is speeding up work on road construction. Panama has arranged, in the new treaty with the United States, to build several hundred miles of 29-foot concrete highways. Colombia is building a 300-mile macadam road over mountains and through valleys to a new port to be constructed within a few hours' travel from the Panama canal. Venezuela has completed several new roads.

"Peru is laying out an extensive national highway system. Chile is doing a big job, as is Bolivia. Plans are under way for improved roads in Argentina. Brazil is designing a national highway system, under the leadership of her new engineer-President.

To Spend \$18,000,000 for Roads in Kentucky

A Kentucky road program calling for expenditure of \$18,000,000 in construction for the period beginning July 1, 1927, and ending June 30, 1928, has been completed by the state highway commission.

The remainder will be let in the near future, Maj. E. S. Heburn said. The \$18,000,000 will be spent in 110 counties.

Among the highways which will be completed are the Kentucky-Virginia highway, from Lexington to Pond Gap, Va.; the Garret highway, from Lexington via Mount Sterling to Palmetto; the Cincinnati-Lexington Mountain air line from Lexington to the Tennessee line, a fast route from Lexington via Standard and Liberty to Russell county.

Scientific Soil Studies

The Massachusetts Institute of Technology, in co-operation with the bureau of public roads of the United States Department of Agriculture, is conducting scientific soil studies with the object of bringing about improvements in highways. Samples of soils from all parts of the country are now being collected. One of the most important objects of the research is to develop suitable standard methods for testing soils and to study the effect of various factors on "behavior" of soils.

Coveted Literary Award

The John Newberry medal is awarded for the most distinguished children's book of the year. It is named for John Newberry, an eighteenth-century publisher and bookseller. He was one of the first publishers interested in children's books.

Combination Conventions By Democrats

Carry For County Clerk and Winfield Once Again For Assemblyman Meant The County Ticket—Meets Tomorrow By Skilled Prospects Predict City Ticket.

Two sessions of the Ulster county Democratic convention, interspersed with dinner at restaurants and hotels, provided by the Democratic county committee which is understood to have no outstanding obligations of any sort, were needed today to make recommendations to enrolled Democrats to be voted for in the primary election in September when nominations are made for county and city officers.

The stumbling block in the way of prompt business was caused by the uncertainty over who would become Democratic candidate for mayor, the contest being between County Chairman Harry E. Schrick and Assessor William B. Martin. The city convention was held after the adjournment of the county convention.

Recess Gossip.

When the convention recessed a few minutes before noon, there was uncertainty in the minds of some eminent Democrats as to who would be the candidate for mayor. One eminent Democrat said that conferences were still being held, and a dark horse might yet be nominated, but he gave assurance that he was not the horse.

On the other hand, those who professed to know what had happened over night were sure that Chairman Schrick would be the candidate for mayor with Samuel Stern as candidate for alderman-at-large. They were equally certain that Eugene E. Carey of this city would be designated for the nomination for county clerk and Holt N. Winfield of Ulster Park for assemblyman. Other receptive candidates seemed to have been eliminated over night.

When recess came, there was every indication that the afternoon session would be a very tame affair.

Convention Called to Order.

The morning session of the convention opened at 11:24, fourteen minutes after the arrival of County Chairman Harry E. Schrick, who was accompanied by Secretary Harry L. Finger of Saugerties and Sheriff Arthur Rice.

Tribute to Block and Jenkins. Chairman Schrick in calling the convention to order said that since the last convention, the Democratic party in Ulster county had lost two distinguished members in Mayor Judge James Jenkins. They were two men in public life of whose record the Democratic party might well be proud. They were loved and respected by the entire county of Ulster and city of Kingston, and he asked that in respect to their memory, the delegates stand for one minute in silent prayer.

Credentials Presented.

Secretary Finger began calling the roll. The first delegate to respond to his name was Henry E. McKennie, of Port Ewen, who afterward moved over and sat beside Holt N. Winfield of Ulster Park, who sat alone, looking somewhat pensive as if counting the cost. A number of delegates who had neglected to send their credentials to the secretary in advance presented them personally, and twelve substitutions were presented.

While Secretary Finger was correcting the roll, credentials were presented and substitutions presented. Chairman Schrick announced that Hugh E. McTague would pass among the delegates and distribute dinner tickets so that there would not be any confusion afterward.

Roll Made Permanent.

At 11:47 Secretary Finger read the corrections to the roll, and on motion of a delegate the temporary roll was made permanent.

Adjourn for Dinner.

Chairman Schrick announced that the convention would then adjourn until 1:30 o'clock and he urged delegates to be in their seats at that time as the convention was to be run off promptly then.

Nominations Made.

The convention which had convened this morning and adjourned to this afternoon reconvened at the theatre at 1:40 o'clock when it was called to order by Judge Harry E. Schrick, county chairman, and after a minute of silent prayer in memory of the late William F. Rafferty, who was a member of the board of public works of Kingston, the convention got down to business and Thomas F. Coughlin placed in nomination Holt N. Winfield for member of assembly. It was seconded by Thomas J. Comerford, Judge Henry E. McKennie and several others. There were no others seeking the honor and Messrs. Coughlin and McKennie escorted Mr. Winfield to the platform where he accepted the nomination, pledging his support to the entire ticket to be named.

Carey for County Clerk.

Herman I. DuBois at the request for nominations for county clerk arose and placed before the convention the name of Eugene E. Carey of this city. It was seconded by City Treasurer William C. DeWitt and Mr. Carey was escorted to the front by Messrs. DuBois and DeWitt and graciously accepted the honor that had been thrust upon him.

No Candidate for Coroner.

Judge Schrick then called for candidates for coroner, but none of the delegates had any to offer, and Thomas F. Coughlin moved that the naming of a candidate be left to a committee on vacancies to be appointed by the chair.

Winfield Objected.

Holt N. Winfield arose and said he objected to a vacancy being left as it had a decided tendency to

West Point Hotel Is Now Bankrupt

New York, Aug. 16 (AP)—An involuntary petition in bankruptcy against the Thayer West Point Hotel Corporation listing liabilities of "upwards of \$1,000,000" and assets at "about \$1,000,000" was filed today.

According to the petition the corporation has its principal place of business in the military reservation at West Point and yesterday admitted in writing its inability to pay its debts and its willingness to be adjudged a bankrupt on that ground.

The petitioning creditors are Nathan Schweitzer, Inc., claiming \$13,379.95; Henry Kelly and Sons, Inc., \$6,513.92; and the Sables Zahn Company, \$16,007.22. All claims are for goods sold and delivered.

Purnell Again Testifies at Trial

St. Joseph, Mich., Aug. 16 (AP)—Another large crowd gathered at the circuit court rooms here today to see Benjamin Purnell, head of the House of David cult, brought in again on a stretcher for cross-examination in the state's ouster suit against the cult.

The aged colony chief appeared more worn and feeble than last week, when he first testified, admitting differences between himself and "Queen Mary" Purnell.

Questioned by George E. Nichols, assistant state's attorney, Purnell from his cot declared "there was no inner court" in the House of David. Nichols quoted a passage from the "Star," the House of David publication in which the "inner court" and the "outer court" were mentioned, and asked Benjamin if it were not a fact that "you have two theories, one for the Gentiles and one for House of David members?"

"In the common way of teaching, yes," Benjamin answered.

Coolidge Thinks Taxes May Be Cut

Rapid City, S. D., Aug. 16 (AP)—Tax reduction next session is possible, it was reiterated today at the summer White House, but President Coolidge feels the extent will be governed strictly by expenditures authorized by congress at its approaching session.

Local Death Record

Mrs. Elmer Slicker of Saugerties died at her home on Partition street Saturday afternoon after several days' illness. Besides her husband she is survived by three daughters; five sons, one Robert of this city; three sisters and one brother. Funeral arrangements have not yet been announced.

James Derby died in Middletown on Sunday in his eighty-third year. He was a well known trap drummer and in his younger years was a member of local bands. He was a butcher by occupation and had been employed in shops at Saugerties and Glascow. He is survived by two sons, Benjamin and George Derby, and two sisters, Mrs. D. Y. Smith of Saugerties and Mrs. Etta Hickey of Holyoke, Mass. Funeral services were privately held with interment in Mountain View Cemetery at Saugerties.

The funeral of Joseph Southard was held from his late home, 82 Franklin street, Monday afternoon at 2:30. The services which were very largely attended, were in charge of the Rev. Ernest G. Reith, pastor of the Clinton Avenue M. E. Church. During the services Mrs. Clayton Smith and Mrs. L. E. Sanford rendered a duet, "Just One Hour With the Savior." The room in which the body reposed was completely filled with flowers showing the esteem in which the deceased was held by his many friends. The bearers were members of the family. The remains were laid to rest in a steel vault in the family plot in Wilkwyck cemetery where the committal services were in charge of the Rev. E. G. Reith.

Guernsey's Many Products

Guernsey Island is nine miles long, five miles at its greatest breadth, and sixteen miles in area. It is noted for its soil, for its horticultural and floricultural products grown chiefly under glass, and for its magnificent breed of cattle. It has also had an important export trade in blue granite.

weaken the entire ticket.

Judge Schrick agreed with his that a candidate should be named if possible but said he did not believe a candidate should be selected unless a good man could be obtained. He favored the adoption of Mr. Coughlin's motion with the proviso that the committee on vacancies leave the place vacant unless they could find a "good man."

Delegates to State.

Delegates to the state convention at Albany selected were: Judge James A. Betts, William H. Grogan, Clarence A. Hornbeck, Solomon Carpenter, Peter Harp, Chris A. Murray, Mark Sampson.

Alternates Selected.

The alternates selected were: Mrs. John Herrick, Mrs. Mary Healer, Thomas F. Coughlin, William A. Kaercher, Henry Klein, Fred H. Smith, Judge Henry E. McKennie. The county convention then closed and the city delegates met in convention to name candidates for mayor and alderman-at-large.

Will Stage A Snake Fight

New Orleans, La., Aug. 16 (AP)—Former Gov. John M. Parker of Louisiana, state food relief director, is arranging for a fight between a rattlesnake and a king snake. Plans for the encounter revealed today show that a rattlesnake five feet long, caged at the former governor's plantation will fight one of the five king snakes he has.

The fight will be held on the lawn of Mr. Parker's plantation residence. The reptiles will be imprisoned inside a galvanized iron fence to protect the spectators. Motion pictures of the fight will be filmed.

Society Notes

Laidlaw-Bennett.

Miss Alice J. Bennett, daughter of Charles H. Bennett of Saugerties, became the bride of Charles Dean Laidlaw, Jr., Monday, at the Gunston Memorial Chapel at Canton. The Rev. Edson R. Miles performed the ceremony. They will live in Schenectady.

Nardi-Ferraro.

James Nardi of East Kingston and Miss Catherine Ferraro, daughter of Joseph Ferraro of Glascow, were married Sunday afternoon in St. Joseph's Church at Glascow by the Rev. Leo Turi Merusi. Following the ceremony a reception was held in Ferraro's Hall at Glascow with music furnished by Washburn Brothers' Company Band.

Curley-Murphy.

Morris Peter Curley and Miss May Murphy were united in marriage by the Rev. Martin P. O'Garra, pastor, at St. Mary's Church, Saugerties, Sunday at 7 p. m. They were attended by Miss Mary Curley, sister of the groom, and James Dermody of Albany. The bride is a daughter of Mrs. Lucy Murphy. The groom is a son of Peter D. Curley and a member of the Curley Brothers' trucking concern. They are spending their honeymoon at Niagara Falls.

O'Reilly-Freer.

A very pretty wedding took place Sunday, August 14, at the Sacred Heart Church, Esopus, when Miss Rose Freer, daughter of Mr. and Mrs. Benjamin Freer of Ulster Park, became the bride of Francis O'Reilly, son of Mr. and Mrs. Hugh O'Reilly of Esopus. The ceremony was performed by the Rev. Martin J. Leddy. The bride was very prettily gowned in powder blue georgette with picture hat to match and carried a shower bouquet of white roses. She was attended by Miss Marie O'Reilly, sister of the groom, who wore yellow georgette with picture hat to match and carried a shower bouquet of tea roses. James Britt of Hudson was the best man and Philip O'Reilly and Hubert O'Reilly, brothers of the groom, acted as ushers. Miss Winifred House presided at the organ. Following a reception at the home of the bride the young couple left on a motor tour to Canada, Niagara Falls and other points of interest. The bride was the recipient of many beautiful and useful gifts. The groom is a popular employee of the Kingston Gas & Electric Company. Mr. and Mrs. O'Reilly have the well wishes of a host of friends for a long and happy married life.

Odds and Ends

A cottage prayer meeting will be held at the home of Oscar Richter, 83 Greenkill avenue this evening at 7:45 o'clock. Leader, C. S. Ackerman.

There will be a cottage prayer meeting this evening at 7:45 at the home of Mrs. Silkworth, 114 South Manor avenue. Robert Baines, leader. Everybody welcome.

Mrs. Helen Van Steenburgh of Third avenue, who was one of the several injured when an automobile crashed into a picnic party at Devil's Lake this summer, is again a patient at the Kingston City Hospital where she underwent an operation on her shoulder.

Steel Committee Not to Meet Today

Any Likelihood of Naming Successor to Gary Until Next Week Discussed—All Activities of Steel Corporation to be Suspended on Day of Funeral.

New York, Aug. 16 (AP)—A special meeting of the Stearns committee of the U. S. Steel Corporation scheduled for this afternoon, was postponed until next week, thus removing any likelihood that the successor to Elbert H. Gary, who died yesterday, would be announced. No reason was given for the postponement.

The finance committee, of which Mr. Gary was a member is the executive council of the company, and it had been believed that at the meeting scheduled for today a new chairman of the corporation might be selected and that a statement might be issued. Half a dozen names have been mentioned in Wall Street as possible successors to the position, one of the most important in the industrial world.

The KITCHEN CABINET

The greatest difficulty is always to get the people to see the value of the kitchen cabinet. It is a thing that is so common that it is often overlooked.

SEASONABLE IDEAS

A good stuffing or forcemeat will cut a small roast and make it go much farther than the meat would without the stuffing. A well-seasoned stuffing is worth a little trouble to make. Break stale bread in small pieces and cover with cold milk or cream until well soaked, squeeze out as dry as possible, season with salt, pepper and any dry dressing desired—parsley and onion are well liked. The kind of amount depends upon the taste of the family. For a quart of the stuffing, fry in butter three onions finely chopped. Cook until the onions are a light yellow, then turn in bread, stir and cook over a slow fire for half an hour if care is taken not to overbrown the stuffing. Now add the meat with the heat—stuffing and it will be better flavored and will season the meat much more than the ordinary way of using stuffing.

Banana Pie.—Fill an unbaked pastry shell with sliced bananas. Sprinkle with a few drops of lemon juice and a bit of grated rind. Sweeten with sugar or honey, add a pinch of salt and one beaten egg with a cupful of milk. Bake until the custard is set.

Avocado Pear Salad.—When serving a la Cuba the fruit is cut in halves, the seed removed and the cavity filled with half a dozen stuffed pears. The dressing is lemon juice, finely sweetened. Serve on lettuce, or most of us who find one pear quite expensive, use it diced in a salad, giving flavor and richness to many combinations. Being a food, fruit and the dressing needs to be light and is used with it.

Heavy Potatoes.—Arrange nine medium-sized potatoes in a shallow baking dish, add one-fourth of a cupful of water, six tablespoonsful of olive oil, two onions minced, one tablespoonful of powdered sage, one teaspoonful of salt and a few dashes of pepper. Bake about an hour in a moderate oven until the potatoes are soft and tender.

OUR DAILY PATTERN.

5805

A Stylish Gown for the Woman of Mature Figure with Slender Hips.

5805. Figured silk and georgette or crepe could be used for this design. The blouse portions are mounted on an underbody that may be of lining. The pattern is cut in eight sizes: 38, 40, 42, 44, 46, 48, 50 and 52 inches bust measure. To make this attractive model for a 44-inch size as illustrated, will require 3 1/2 yards of 40-inch figured silk together with 1 1/4 yard of contrasting material and 1 1/2 yard of 32 inch lining for the underbody. The width of the dress at lower edge is 1 1/2 yard.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

Contrasted Flat, Glossy Finishes

Many Smart Crepe Satin Frocks Now Display Both Sides.

Afternoon and sport dresses for early summer collection are designed along many lines and introduce a good many silhouettes. The fabrics that fashion them are many, too. Indeed, it is an open season for materials—particularly as they are apt to appear contrasted smartly in a single dress.

One of the most successful combinations in the afternoon frock is that which uses both dull and glossy finish of the satin back crepe. Interesting panels, godets, contrasted tiers, jumper and skirt of opposite sides, collars, scarfs, bows and other details are to be found in this favorite material of the new season.

Some of the points of interest in the afternoon frocks are boleros, side drapes, bows, crepe collars, cluster-plaited skirts and tiered skirts. These in satin-back crepe used on both sides are especially smart in black, navy, green, rose, cadet blue, beige, gray and poppy red.

The sports or tailored costumes also make use of this material. They, too, are designed along interesting lines and are frequently tucked to create interest. Skirts box-plaited or given animation by groupings of plaits are

Moving Picture Actress Wears Frock of Satin Back Crepe.

much seen, while blouses are tailored with stitching to relieve a too severe simplicity. Navy blue, black, rose, green, gray and red are the most prominent colors seen in this collection.

Mary Astor, motion picture player, whose beautiful appeal is well exhibited in the picture, "The Sunset Derby," wears several charming costumes in this film. One, in two pieces, gives interesting details in the contrasted flat and glossy finishes of the satin-back crepe.

Blue Is Favorite in Smart Shops in Paris

The advance of the season shows no lessening of the vogue of blue. At present it vies with black as the smartest and most important color, and in all its varied tones appears in the most successful frocks and costumes for street wear, afternoon and evening. Blue is said to have practically dominated the spring collection of one of the best known of the Paris designers, and in a lesser degree it was exploited in every other collection of importance.

In one or two models of exceptional interest no less than five different tones were combined. The composite effect thus achieved was a triumph of color artistry. In other models two tones were used in ways at once new and different.

Larger Hats

A vogue that was established last spring and summer was the wearing of very large hats of a type particularly suited to the hot sun of an American summer. These will be even more extensively worn this season, and are extremely smart in leghorn or in fine milan straws. Trimming is always very simple.

Plaits Trim Coat and Frock

The newest clothes are featured by decorations of flat-sewn plaits. These plaits are also used on skirts, bodices and coats and on frocks for both morning and formal afternoon wear. The plaits are usually what the French call en barre, but on skirts they may be vertical. They form geometrical designs.

Gold Embroideries

A smart touch that appears on several of the newest frocks is tiny conventional motifs done in bright colors centered with gold.

Mississippi's Current

At good times the velocity of the current of the Mississippi varies from five feet per second to about ten feet per second, depending upon the cross section of the river and the slope. At low water the speed of the current varies from three feet to five feet per second.

ELEANOR GUNN ON FASHIONS

THE BANDANNA SCARF IS MORE SUBTLE IN ITS METHOD OF ATTRACTING ATTENTION, WHILE NECK-LINES BEHOLD MORE ON SCARFS AND BOWS THAN ON COLLARS.

New York.—The bandanna scarf, always an accessory of interest, usually because of its vivid coloring and striking design, has toned down to the surprising extent of being a part of the costume, and its counterpart in color. We have become familiar with the kerchief scarf that repeats the plaid or check of the skirt, and now we are introduced to a bandanna, the border of which repeats the scallop of the jumper, a jumper that, by the way, is interesting in itself, largely because of the placement of tiny tucks that further accentuate the circular movement.

The subject of coats may not seem timely, yet devotees of fashion rock not with the calendar in planning their wardrobe. Coats have become an all-year-around proposition. Even in the warmest weather, one encounters well-dressed women wear-

Although Most of the Huge Handkerchief Scarfs Are Gaily Plaided or Printed, This One Is of the Same Light Green Crepe as the Jumper Dress It Accompanies and with the Same Scalloped Border. The Jumper Is Tucked Just Above the Border.

ing either a good-looking separate coat or an ensemble that involves one. Many of them are without collars, the neck-lines finished with either a scarf or, newer still, a bow. Vionnet has a straight-line coat, quite collarless, but full of interest because of the cut of the fitted shoulders and because here is a bow of the fabric on the collarless neckline directly at the back. Several of the newer coats, and some of the newer sports and even other clothes, have long sleeves that have a curious avoidance of being shaped, the sleeve being quite as wide below the elbow as above. Often there is no cuff, a consistent detail, since collars are so frequently omitted. Cobalt blue is one of the colors heralded for fall, with sable or fur shades meriting consideration.

Pockets provide every excuse for intricate cutting effects, while belts, especially contrasting ones, continue to be impressive, even metal coin belts being revived.

(Copyright, 1927, by Metropolitan Newspaper Service, New York).

Famous Aviatrix Dies from Injuries

Mrs. Gladys Roy Walks Unknowingly
Into the Path of a Fast Spinning
Propeller—Was Nationally Known
as a Flyer.

Yonkers, N. Y., Aug. 16 (AP)—
Mrs. Gladys Roy, noted as an airplane
pilot, died here last night from in-
juries received when unknow-
ingly she walked into the path of a
fast-spinning propeller, the blade
cutting away her skull. Her death
also eliminated another potential
transatlantic flyer, as she had planned
a flight from New York to Rome with
Lieut. Delmar E. Snyder as co-pilot.
Mrs. Roy, wife of Arthur Roy of
Los Angeles, was only 25 years old
but was nationally known as a flyer.
She had also established an enviable
record as a parachute jumper and had
records for women for leaps of from
200 feet to 15,000 feet. She was
known, too, as a flying movie stunt
actress.

The young flyer was injured at Wat-
son Field here while being filmed with
Miss Evelyn Wilkes, who had won the
title of "Miss Ohio" and is to partici-
pate in the Atlantic City bathing
beauty contest.

News of the Day In Wall Street

(By The Associated Press)
New York, Aug. 16 (AP)—Re-
cent orders for 24,000 tons of
pipe received by Youngstown Sheet
and Tube from Roxana Petroleum
will enable the company to hold its
pipe operations at about 75 per cent
of capacity for some time.

Directors of Commonwealth Power
Corporation have authorized issue
and sale of \$12,268,200 of six
per cent cumulative preferred stock,
making its total issue \$59,996,000,
the amount authorized by the certifi-
cate of organization. The stock will
be offered for public subscription
shortly at \$100 and accrued divi-
dends to yield six per cent. Pro-
ceeds from the sale will be used to
retire the corporation's entire fund-
ed debt.

Daily metal Trade says the Pitts-
burgh iron and steel scrap market is
riding on its emotions rather than
actual buying to strengthen prices.
Although a price of \$17 is predi-
cated for heavy melting steel within
the next two or three weeks, mills
display no disposition to cover and
\$15.75 now appears to be the top
figure. Sales of pig iron in the St.
Louis area have slackened compar-
ed with the first half of the month.

TOBACCO QUEEN

Miss Elizabeth Cochroft, of
Adel, Ga., doesn't need to blow
her own horn. She was
crowned queen of recent to-
bacco celebration in Cook
County, Ga., and is shown in
her tobacco leaf gown.
(International Illustrated News.)

One Year's Moose Bag

It has been estimated that about
10,000 moose are killed in Canada
each year. This seems a heavy
slaughter, but far from there being
any danger of extermination from
this toll taken by the moose hunter,
authorities in different sections are
of the opinion that a killing of twice
that number could be made each year,
and the natural increase would defi-
nitely offset any danger of the extinc-
tion of the moose.

To produce a
mild tobacco
and still main-
tain all of that
tobacco's fra-
grant charm is
a master feat—
an achievement.

Try Palmy Days today
It's a M-I-L-D Smoke

Goals on Diet, Loses 38 Pounds in 60 Days

Kalamazoo, Mich.—Jack Ul-
rich, store proprietor here, be-
lieves he has set a record for
reduction of weight in a sixty
day period of systematic dieting. Ul-
rich reduced 38 pounds. His
diet for each meal of the period
consisted of one hard-boiled egg,
one tomato, one orange and one
cup of coffee three times a day
for four days. On the fifth day
he treated himself to a big
meal if he wanted it. "But by
that time I wasn't hungry," he
declared.

GUNBOAT SCORPION HOME AFTER 19 YEARS ABROAD

Was Lost to Germans in World War
Through Its Commander's Clev-
erness at Bridge.

Philadelphia—Saved from capture
during war time, as the story goes, by
the cleverness of its commander, "No
Trump" Rabbitt, at a game of bridge,
the gunboat Scorpion, after 19 years'
foreign service, has finally come home.
When this country entered the
World war the vessel was interned by
the Turks at Constantinople. The
Germans, who were in actual com-
mand at the port, demanded that the
Turks seize the Scorpion, take off offi-
cers and crew and permit the Germans
to use the ship as a decoy under cover
of her American identity.

Talait Pasha, an acquaintance of
Commander Herbert S. Rabbitt, came
aboard with word of the German de-
mand. The commander was said to
have taken a long chance and played
the Turk a game of bridge with the
Scorpion as the stake. Rabbitt won
and the order of the Germans was
pioneered by the Turk.

The vessel has been in the naval
service for 29 years and holds the
world's record for length of service in
foreign waters.

The crew of the Scorpion, number-
ing 7 officers and 100 men, although
glad to end a voyage of 26 days from
Gibraltar, were a crestfallen lot when
informed that the Philadelphia navy
yard, where the craft is tied up, that
the veteran vessel has made its last
voyage for the navy. She is to be
sold under orders from Washington.

Many sailors will regret the pass-
ing of the Scorpion from the service.
At least one-third of the senior offi-
cers of the navy yard have served on
her at one time or another and a num-
ber of her present crew have held the
same berth for years.

The Scorpion was a ship of war dur-
ing the Spanish-American conflict; she
has carried scientific and diplomatic
missions, sick men and Russian refu-
gees and has been on the edge of five
wars. Most of her foreign service was
spent in the Mediterranean, Adriatic,
Marmora and Black seas.

The Scorpion was built as a pleas-
ure craft in 1896 at a Brooklyn ship-
yard. In April, 1908, her owner, M. C.
D. Borden, sold her to the govern-
ment for \$300,000 and she was con-
verted into a gunboat to fight against
Spain.

She destroyed four gunboats and
captured a provision lighter.

Cable Ship Captain Recalls Old Journey

Lake Geneva, Wis.—To Capt. Wil-
liam N. Napper it's an old road that
Lindbergh, Chamberlin and Byrd trav-
ersed from Newfoundland to Ireland
across the north Atlantic.

He traveled the same path more
than sixty years ago, and his expedi-
tion, no less than theirs, made history
and refashioned the commercial map
of the world.

Napper helped to lay the first tele-
graph cable line across the Atlantic
ocean, bringing two continents into
instant contact. He was ship's car-
penter on the Great Eastern when
that venerable side-wheeler strung a
cable from Valencia bay, Ireland, to
Trinity bay, Newfoundland, in 1868.

Today—quick-witted, deep-voiced
and keen-eyed at eighty-nine—he is,
as far as he can discover, the only
survivor among the 507 members of
that historic crew.

The transoceanic flyers pierced the
clouds at a speed close to two miles a
minute; Napper's craft inched its way
along at a scant four miles an hour.
The flyers carried a few sandwiches
and some orange juice; the larders
of the Great Eastern were stocked
with live farm animals and huge pro-
vision stores.

Blows Hole Through Smoke to See Stage

London—London newspapers are
printing scores of letters from persons
protesting against smoking in the-
aters, a custom freely permitted here.

One man said he was unable to see
the stage at a recent performance be-
cause of the smoke. He formed his
program into a tube and blew a hole
through the smoke near him so that
he could see. The smokers ahead ob-
jected that he was making a draught
on their necks, and he replied that if
smoking was permitted, so was blow-
ing.

Another writer says his eyes be-
came so watery from the volume of
smoke in the theater that he either
saw double or not at all. Another
writes that coughing caused by smok-
ing was all he was able to hear at a
play.

Aviation Records

A German aviator in Leipzig made
a world's record in aviation on July
5, 1912, by remaining in the air with
four passengers for 53 minutes 42
seconds, and another record by re-
maining up with two passengers for
2 hours 41 minutes.

PORT EWEN

Port Ewen, Aug. 16.—Mr. and
Mrs. A. Wares Taylor and son, Don-
ald, of Babylon, L. I., who have been
the guests of Mr. and Mrs. William
Hotelling of Broadway and Mr. and
Mrs. Andrew Taylor of Green street,
returned home.
Mr. and Mrs. Elmer L. Richtmyer
of Schenectady were guests of Mr.
and Mrs. Virgil Britt of Salem
street, Sunday.
Mrs. Edward Hotelling of Bayard
street is ill with tonsillitis and grip.
Mr. and Mrs. William Turner of
Port Reading, N. J., are guests of Mr.
and Mrs. Silas W. Perrine of Broad-
way.

The roast beef supper will be held
in the Sunday school room of the Re-
formed Church Wednesday evening,
August 17. Supper served at 5:30
until all are served.

Lorraine Middah of Stout avenue is
visiting her aunt, Mrs. Martin
Steeger at Union Hill, N. J., for a
few days.

Mrs. S. D. DuBois of Cedarhurst,
N. Y., is visiting her sister, Mrs. J.
Van Aken of Green street.
Mr. and Mrs. Harry Mable and
Mrs. Rachel Mable of Green street
are visiting relatives in Torrington,
Conn. The trip was made in Harry
Mable's Paige brougham car.

Miss Elsie Townsend of Pough-
keepsie is visiting her aunt, Mrs.
Wallace Mable of Green street.

The Ladies' Aid Society of the Re-
formed Church will serve a roast
beef supper in the Sunday school
room Wednesday evening at 5:30
o'clock. At eight o'clock an enter-
tainment will be given. Ice cream,
cake and homemade candy will be
on sale at the close of the entertain-
ment.

Cures Wife of Insanity by Drowning in Barrel

Tokyo.—Hirokazu Oku, a farmer of
Kofu, fifty-five, attempted a novel cure
for his wife, who had suddenly gone
insane. First binding his spouse with
a rope, Oku put her in a barrel, then
poured water over her head until she
was submerged. Giving the cure two
hours to work in, Oku dragged his
wife out of the water. She was no
longer insane but she had been thor-
oughly drowned. Oku is now in cus-
tody, with the police wavering whether
to charge him with murder or place
him in an asylum.

Saved by Dog

Fernandina, Fla.—Prince, an English
setter, during his career as mascot of
a fishing boat, acquired a knowledge
of towing. The boat blew up. Walker
Crws, one of the crew, was being
carried out to sea by the tide. Prince
swam after him. Crws grabbed his
tail and was towed to safety.
